

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karlo & Carol Gregoric
DOCKET NO.: 17-42221.001-R-1
PARCEL NO.: 29-36-413-033-0000

The parties of record before the Property Tax Appeal Board are Karlo & Carol Gregoric, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,075
IMPR.: \$12,400
TOTAL: \$15,475

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,654 square feet of living. The dwelling is approximately 39 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 7,689 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend overvaluation as the basis of the appeal. In support of this argument, the appellants submitted information on four comparable properties that were located within the same neighborhood code as the subject. The comparables have lots ranging in size from 7,094 to 11,484 square feet of land area which were improved with similar class 2-03 dwellings of frame or masonry exterior construction. The comparables ranged in size from 1,376 to 1,632 square

feet of living area and ranged in age from 27 to 90 years old. Three comparables have full unfinished basements and one comparable has a crawl-space foundation. Each dwelling has central air conditioning, two comparables each have a fireplace and each comparable has from a 1.5-car to a 2.5-car garage. The comparables sold from February 2016 to August 2017 for prices ranging from \$95,000 to \$120,500 or from \$69.04 to \$74.90 per square foot of living area, including land.

Based on this evidence, the appellants requested that the subject's total assessment be reduced to \$11,995. The requested assessment would reflect a total market value of \$119,950 or \$72.52 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,475. The subject's assessment reflects a market value of \$154,750 or \$93.56 per square foot of living area, including land, when applying the 10% level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales. Board of review comparables #3 and #4 are the same properties as appellants' comparables #2 and #3, respectively, with new dates of sale and sale prices. The properties were each located within the same neighborhood code as the subject and either on the "same block" or in the "subarea" of the subject. The comparables had lots ranging in size from 7,094 to 9,375 square feet of land area and were improved with similar class 2-03 one-story dwellings of masonry exterior construction. The comparables range in size from 1,376 to 1,632 square feet of living area and range in age from 19 to 39 years old. Each comparable has a full or partial unfinished basement, central air conditioning, a fireplace and either a 2-car or a 2.5-car garage. The comparables sold from October 2015 to December 2017 for prices ranging from \$90,000 to \$205,000 or from \$56.39 to \$127.18 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales, with two common properties with differing dates of sale and sale prices, to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellants' comparables #1 and #4 due to differences in foundation and age, respectively, when compared to the subject dwelling. The Board has given reduced weight to board of review comparable #2 due to the sale occurring in 2015, date which is more remote in time to the valuation date at issue of January 1, 2017 as

compared to other more recent sales in the record and the newer age of this dwelling as compared to the subject.

The Board finds the best evidence of market value to be appellants' comparables #2 and #3 along with board of review comparables #1, #2 and #3. These three comparables present five dates of sale and sales prices. The comparables are generally similar to the subject in location, age, design, size, foundation and/or features. These comparables sold from February 2016 to December 2017 for prices ranging from \$90,000 to \$205,000 or from \$56.39 to \$127.18 per square foot of living area, including land. The subject's assessment reflects a market value of \$154,750 or \$93.56 per square foot of living area, including land, which is within the range established by the best comparable sales in this record both in terms of overall value and on a per-square-foot basis. Based on the evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment on grounds of overvaluation is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
