

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Moses Arce
DOCKET NO.: 17-42319.001-R-1
PARCEL NO.: 32-29-220-028-0000

The parties of record before the Property Tax Appeal Board are Moses Arce, the appellant, by attorney Jessica Hill-Magiera, in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,116
IMPR.: \$2,134
TOTAL: \$3,250

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of frame construction with 2,166 square feet of living area. The dwelling was constructed in 1904 with a full unfinished basement and is approximately 113 years old. The property has a 3,720 square foot site and is located in Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within the same assessment neighborhood code as the subject. The comparables have sites ranging in size from 3,150 to 6,600 square feet of land area and are improved with two-story, multi-family dwellings ranging in size from 1,848 to 2,504 square feet of living area and were built from 1906 to 1911 with full or partial unfinished basements. Three comparables each have a one-car or a two-car garage. The comparables sold from February to December 2016 for prices ranging from \$13,000 to

\$44,900 or from \$5.59 to \$20.41 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$1,596.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,239. The subject's assessment reflects a market value of \$92,390 or \$42.65 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, two of which are located within the same assessment neighborhood code as the subject. The comparables have sites ranging in size from 2,485 to 9,311 square feet of land area and are improved with two-story, three-story, and one and one-half story, multi-family dwellings of frame or masonry exterior construction ranging in size from 1,210 to 4,206 square feet of living area and range in age from 92 to 119 years old. Each comparable has a full basement with one having finished area; one comparable has a fireplace; and two comparables each have a two-car or a three-car garage. These properties sold from January 2016 to February 2017 for prices ranging from \$70,000 to \$230,000 or from \$46.79 to \$84.77 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant's counsel argued that board of review comparable sales are not comparable to the subject due to differences in dwelling size, style and/or location. A map depicting the locations of both parties' comparables in relation to the subject was also submitted.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds eight comparable sales were submitted by the parties to support their respective positions. The Board gave less weight to the board of review comparables due to their differences in dwelling size, style and/or location when compared to the subject.

The Board finds the best evidence of the subject's market value to be the appellant's comparables which overall were most similar to the subject property in location, style, dwelling size, and age. These comparables sold in February to December 2016 for prices ranging from \$13,000 to \$44,900 or from \$5.59 to \$20.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$92,390 or \$42.65 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence, the Board finds the appellant proved by a preponderance of the evidence that the subject's estimated market value as reflected by its assessment is excessive and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
