

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven & Sandy Lee
DOCKET NO.: 17-42395.001-R-1
PARCEL NO.: 10-26-312-040-0000

The parties of record before the Property Tax Appeal Board are Steven & Sandy Lee, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,051
IMPR.: \$68,011
TOTAL: \$74,062

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,264 square feet of living area. The dwelling is approximately 11 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 2-car garage. The property has a 6,916 square foot site located in Lincolnwood, Niles Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of masonry exterior construction ranging in size from 4,272 to 4,700 square feet of living area. The dwellings are either 9 or 10 years old.

The comparables have full basements, three of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$67,925 to \$70,794 or from \$15.06 to \$15.90 per square foot of living area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced to \$66,220 or \$15.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,833. The subject property has an improvement assessment of \$70,782 or \$16.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two, two-story class 2-05 and two, multi-level class 2-34 dwellings of masonry exterior construction ranging in size from 1,587 to 2,147 square feet of living area. The dwellings range in age from 59 to 69 years old. Each comparable has a partial or a full basement with finished area, central air conditioning and a 1-car or a 2-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$29,668 to \$38,321 or from \$17.85 to \$18.69 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the board of review's comparables due to their dissimilar designs, older ages and/or smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellants' comparables as they are most similar to the subject in location, class, exterior construction, age, dwelling size and some features, except three comparables have finished basement area, in contrast to the subject, requiring downward adjustments to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$15.06 to \$15.90 per square foot of living area. The subject's improvement assessment of \$16.60 per square foot of living area falls above the range established by the best comparable in this record and is not supported. After considering adjustments to the comparables for differences from the subject, the Board finds the appellants demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
