

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Diana Smith
DOCKET NO.: 17-42510.001-R-1
PARCEL NO.: 31-12-403-006-0000

The parties of record before the Property Tax Appeal Board are Diana Smith, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,640
IMPR.: \$ 21,861
TOTAL: \$ 28,501

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame construction with 4,412 square feet of living area. The dwelling is 92 years old. Features of the home include a full unfinished basement, two fireplaces, and a two-car garage. The property has a 37,944 square foot site, and is located in Flossmoor, Rich Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether the subject is owner occupied.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three sale comparables. These comparables sold between October 2015 and June 2017 for \$195,000 to \$359,000. Comparable #4 sold for \$58.33 per

square foot of living area, including land. The improvement size for the remaining two sale comparables was not disclosed. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$28,501.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,837. The subject property has an improvement assessment of \$31,197, or \$7.07 per square foot of living area. The subject's assessment reflects a market value of \$378,370, or \$85.76 per square foot of living area, including land, when applying the 2017 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, and four sale comparables. These comparables sold between February 2015 and June 2017 for \$345,000 to \$450,000, or \$84.58 to \$101.44 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted based on this argument.

The Board finds the best evidence of market value to be appellant's comparable #4, and board of review comparables #3 and #4. These comparables sold for prices ranging from \$58.33 to \$98.54 per square foot of living area, including land. The subject's assessment reflects a market value of \$85.76 per square foot of living area, including land, which is within the range established by the best comparables in this record. Based on this record, the Board finds the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is not justified.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof, and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, and #3, and board of review comparables #3 and #4. These comparables had improvement assessments that ranged from \$4.25 to \$6.50 per square foot of living area. The subject's assessment of \$7.07 per square foot of living area falls above the range established by the best

comparables in this record. Based on this record, the Board finds the appellant did demonstrate, with clear and convincing evidence, that the subject's improvement was inequitably assessed, and that a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
