

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Moy  
DOCKET NO.: 17-42556.001-R-1  
PARCEL NO.: 17-28-416-028-0000

The parties of record before the Property Tax Appeal Board are Andrew Moy, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,673  
**IMPR.:** \$32,983  
**TOTAL:** \$41,656

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of a two-story dwelling of masonry exterior construction with 2,378 square feet of living area. The dwelling is approximately 25 years old. Features of the home include a full basement with a formal recreation room, central air conditioning and a two-car garage. The property has a 2,478 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on six equity comparables located within the same neighborhood code as the subject and within .14 of a mile from the subject. The comparables consist of class 2-78 two-story dwellings of masonry exterior construction. The dwellings range in age from 8 to 32 years old and range in

size from 2,052 to 2,699 square feet of living area. Four comparables have full basements, three of which have formal recreation rooms, and two comparables have concrete slab foundations. Five comparables have central air conditioning and four comparables each have a fireplace. Five comparables have two-car garages. The comparables have improvement assessments ranging from \$23,916 to \$31,416 or from \$10.10 to \$12.75 per square foot of living area.

Based on this evidence, the appellant requested a reduced improvement assessment of \$27,974 or \$11.76 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,656. The subject property has an improvement assessment of \$32,983 or \$13.87 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject and either on the "same block," in the subarea or within ¼ of a mile from the subject. The comparables consist of class 2-78 two-story dwellings of masonry exterior construction. The dwellings range in age from 18 to 25 years old and range in size from 2,204 to 2,368 square feet of living area with a full basement, two of which have a formal recreation room. Each comparable has central air conditioning and either a 2-car or a 2.5-car garage. One comparable also has a fireplace. The comparables have improvement assessments ranging from \$32,749 to \$37,952 or from \$13.83 to \$17.22 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity concerning the improvement assessment as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #4 and #5 which differ from the subject in foundation type.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3 and #6 along with the board of review comparables. These eight comparables are each similar to the subject in location, age, size, foundation and several features, although three comparables feature inferior unfinished basements as compared to the subject's formal recreation room which suggests upward adjustments to these three comparables. The best comparables have improvement assessments that range from \$23,916 to \$37,952 or from \$10.10 to \$17.22 per

square foot of living area. The subject's improvement assessment of \$32,983 or \$13.87 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
