

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Kontogiorgos
DOCKET NO.: 17-42618.001-R-1
PARCEL NO.: 25-09-303-030-0000

The parties of record before the Property Tax Appeal Board are Paul Kontogiorgos, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,875
IMPR.: \$4,183
TOTAL: \$6,058

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 892 square feet of living area. The dwelling is approximately 93 years old. Features of the home include a full unfinished basement and a 1.5-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal.¹ In support of this argument, the appellant submitted information on four comparable sales with the same neighborhood code as the subject property. The comparables have sites ranging in size from 3,100 to 6,250 square feet

¹ Although the appellant also marked assessment equity as the basis of the appeal, no equity comparables were provided. The comparable sales provided by the appellant had assessments not reflective of each property's market value when comparing the assessments to their respective sales prices.

of land area. The comparables are similar class 2-02 properties improved with dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 765 to 967 square feet of living area. The dwellings range in age from 72 to 90 years old. Two comparables have unfinished basements and two comparables have concrete slab foundations. Each comparable has a one-car to a two-car garage. The comparables sold from September 2015 to July 2017 for prices ranging from \$42,000 to \$65,000 or from \$46.15 to \$82.91 per square foot of living area, including land. Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$6,058, reflecting a market value of \$60,580 or \$67.91 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,173. The subject's assessment reflects a market value of \$81,730 or \$91.63 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on eight comparable properties, four with the subject's neighborhood code and four within the subject's subarea.² The comparables have sites that range in size from 3,720 to 6,900 square feet of land area. The comparables are similar class 2-02 properties improved with one-story dwellings of frame or masonry exterior construction ranging in size from 847 to 984 square feet of living area. The dwellings range in age from 50 to 94 years old. Four comparables have concrete slab foundations and four comparables have full basements, one with finished area. One comparable has central air conditioning and five comparables each have a one-car to a two-car garage. Comparables #5 through #8 sold from September 2015 to August 2016 for prices ranging from \$89,000 to \$149,900 or from \$91.74 to \$173.50 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on eight comparable sales for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #4, along with the comparables submitted by the board of review which differ from the subject in age and/or location. The Board finds the best evidence of market value to be the appellant's comparables #2 and #3. These properties are relatively similar to the subject in location, dwelling size and age, though comparable #2 has a concrete slab foundation, unlike the subject's full unfinished basement. The

properties sold in January 2016 and April 2017 for prices of \$61,500 and \$60,160 or for \$80.39 and \$62.21 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$81,730 or \$91.63 per square foot of living area, including land, which is greater than the two best comparable sales in this record both in terms of overall value and on a square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
