

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bell Dillon
DOCKET NO.: 17-42643.001-R-1
PARCEL NO.: 25-04-124-056-0000

The parties of record before the Property Tax Appeal Board are Bell Dillon, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,047
IMPR.: \$8,653
TOTAL: \$10,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of masonry construction with 1,084 square feet of living area. The dwelling is approximately 52 years old. Features of the home include a full unfinished basement and 1½ bathrooms. The property has a 3,150 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal.¹ In support of this argument the appellant submitted information on four comparable sales classified as class 2-03 properties improved with dwellings of frame and masonry construction ranging in size from 1,020 to 1,085

¹ Although the appellant also marked assessment equity as the basis of the appeal, no equity comparables were provided. The comparable sales provided by the appellant had assessments not reflective of each property's market value when comparing the assessments to their respective sales prices.

square feet of living area. The dwellings range in age from 53 to 59 years old. Each property has a full basement with three having finished area, one comparable has central air conditioning, and three comparables have either a 1.5-car or a 2-car garage. The comparables have sites with either 3,150 or 3,750 square feet of land area. Each property has the same assessment neighborhood code as the subject property. The sales occurred from January 2015 to June 2016 for prices ranging from \$39,000 to \$65,000 or from \$38.24 to \$59.91 per square foot of living area, including land. The appellant requested the subject's assessment be reduced to \$5,535.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,700. The subject's assessment reflects a market value of \$107,000 or \$98.71 per square foot of living area, including land, when applying the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2-03 property of 10%.

In support of its contention of the correct assessment the board of review asserted in part that the subject property was purchased in August 2017 for a price of \$155,000 and the subject's assessment reflects a market value below the purchase price. Additionally, the board of review submitted information on four comparable sales improved with one-story dwellings of masonry construction ranging in size from 1,040 to 1,120 square feet of living area. The homes range in age from 51 to 90 years old and have the same classification code as the subject property. Each comparable has a full basement with one having finished area, one comparable has central air conditioning, and each comparable has a two-car garage. Each of these properties has a site with 3,150 square feet of land area and has the same assessment neighborhood code as the subject property. The sales occurred from April to December 2016 for prices ranging from \$126,900 to \$176,900 or from \$122.02 to \$168.48 per square foot of living area, including land. The board of review requested the assessment be unchanged.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Initially, the Board finds the board of review submitted evidence explaining the subject property was purchased in August 2017 for a price of \$155,000, which was not refuted or rebutted by the appellant. The subject's assessment reflects a market value of \$107,000, below the purchase price, which demonstrates the subject property is not overvalued for assessment purposes.

Second, the parties submitted information on eight comparable sales improved with dwellings similar to the subject in style to support their respective positions. Less weight is given appellant's comparable sales #1 and #2 due the fact these properties sold in 2015, not as proximate in time to the assessment date as the best comparables herein. Less weight is given board of review comparable sales #1 due to its older age in relation to the subject dwelling. The remaining five comparables sold for prices ranging from \$52,000 to \$160,000 or from \$50.88 to

\$142.86 per square foot of living area, including land. The subject's assessment reflects a market value of \$107,000 or \$98.71 per square foot of living area, including land, which is within the range established by the best comparable sales in this record.

Based on the purchase price of the subject property and the best comparable sales, the Board finds the assessment of the subject property as established by the board of review is correct and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
