

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: National Home Rentals
DOCKET NO.: 17-42756.001-R-1
PARCEL NO.: 31-33-403-002-0000

The parties of record before the Property Tax Appeal Board are National Home Rentals, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,315
IMPR.: \$8,819
TOTAL: \$12,134

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,410 square feet of living area. The dwelling is approximately 46 years old. Features of the home include a partial basement with finished area, central air conditioning and a 1-car garage. The property has a 7,800 square foot site and is located in Richton Park, Rich Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code and within 0.6 of a mile to the subject property. The comparables were improved with similar class 2-34 dwellings of frame or frame and masonry exterior construction that range in size from 1,150 to 1,620 square feet of living

area. The comparables range in age from 42 to 47 years old. Each comparable has a partial basement with finished area, three comparables have central air conditioning, two comparables have a fireplace and each comparable has either a 1-car, a 1.5-car, or a 2-car garage. The comparables have improvement assessments ranging from \$4,520 to \$5,833 or from \$3.60 to \$4.32 per square foot of living area. The appellant requested the improvement assessment be reduced to \$5,471 or \$3.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,134. The subject property has an improvement assessment of \$8,819 or \$6.25 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code, two comparables in the same block and two comparables within ¼ of a mile of the subject property. The comparables are class 2-34 properties and improved with multi-level dwellings of frame or frame and masonry exterior construction that range in size from 1,120 to 1,562 square feet of living area. The comparables range in age from 44 to 46 years old. Each comparable has a partial basement with finished area, three comparables have central air conditioning, one comparable has a fireplace and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$7,571 to \$10,021 or from \$6.34 to \$7.20 per square foot of living area. The board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 along with the board of review comparable #1 based on their lack of central air conditioning when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables. These comparables have varying degrees of similarity when compared to the subject in dwelling size, age, and features. These comparables had improvement assessments that ranged from \$4,520 to \$10,021 or from \$3.60 to \$7.20 per square foot of living area. The subject's improvement assessment of \$8,819 or \$6.25 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
