

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Sandra Lawrence-Brogren

DOCKET NO.: 17-42781.001-R-1 PARCEL NO.: 10-28-111-034-0000

The parties of record before the Property Tax Appeal Board are Sandra Lawrence-Brogren, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,531 **IMPR.:** \$18,627 **TOTAL:** \$23,158

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,241 square feet of living area. The dwelling is approximately 64 years old. Features of the home include a full unfinished basement and central air conditioning. The property has a 6,250 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject, two of which are located over two miles from the subject. The comparables are improved with class 2-03 dwellings of frame and masonry exterior construction that range in size from 1,073 to 1,258 square feet of

living area and range in age from 61 to 63 years old. One comparable has a crawl space foundation, three comparables have basements with finished area, one comparable has central air conditioning and two fireplaces, and each comparable has a one-car to a two-car garage. The comparables have improvement assessments ranging from \$11,204 to \$15,473 or from \$10.44 to \$12.30 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$14,309 or \$11.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,158. The subject has an improvement assessment of \$18,627 or \$15.01 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on eight equity comparables located within the same assessment neighborhood code as the subject. For ease of reference, the board of review's second set of comparables was renumbered #5 through #8. The comparables are improved with a 1.5-story and seven, 1-story, class 2-03 dwellings of masonry or frame and masonry exterior construction that range in size from 1,000 to 1,332 square feet of living area and range in age from 61 to 75 years old. The comparables have basements, with three having finished area, two comparables have central air conditioning, two comparables each have a fireplace, and seven comparables each have a one-car to a two-car garage. The comparables have improvement assessments ranging from \$16,733 to \$20,470 or from \$15.35 to \$19.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject. The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 12 equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables due to differences in foundation type, finished basement area and/or location when compared to the subject. Reduced weight was also given to board of review comparables #1, #5, #7 and #8 due to differences in dwelling size, finished basement area and/or design.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3, #4 and #6 as they have varying degrees of similarity to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$16,733 to \$20,365 or from \$15.35 to \$18.31 per square foot of living area. The subject has an improvement assessment of \$18,627 or \$15.01 per square foot of living area, which is within the range on an overall basis established by the best comparables in this record but below the range on a square foot basis. After considering adjustments to the comparables for differences when

compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement assessment is inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
