

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: National Home Rentals
DOCKET NO.: 17-42805.001-R-1
PARCEL NO.: 32-19-218-006-0000

The parties of record before the Property Tax Appeal Board are National Home Rentals, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,145
IMPR.: \$6,211
TOTAL: \$8,356

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,124 square feet of living area. The dwelling is approximately 53 years old. Features of the home include a crawl-space foundation, central air conditioning, and a 1-car garage. The property has a 6,600 square foot site and is located in Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted property characteristic sheets and a grid analysis on four equity comparables located within 1.1-miles and in the same neighborhood code as the subject. The comparables were improved with one-story class 2-03 dwellings of frame and masonry exterior construction that range in age from 61 to 63 years old. One comparable has a partial basement with finished area and three comparables have a concrete-slab foundation. Two comparables have a 1-car garage. The dwellings range in size

from 1,140 to 1,416 square feet of living area and have improvement assessments ranging from \$4,467 to \$5,549 or \$3.92 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$4,406 or \$3.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,356. The subject property has an improvement assessment of \$6,211 or \$5.53 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and same block as the subject. The comparables were improved with one-story class 2-03 dwellings of frame, masonry, or frame and masonry exterior construction that range in size from 1,046 to 1,335 square feet of living area and range in age from 49 to 55 years old. Three comparables have a full or a partial basement with one comparable having finished area and one comparable has a crawl-space foundation. Two comparables have central air conditioning. Each comparable has a 1.5-car to a 2.5-car garage. The comparables have improvement assessments that range from \$5,918 to \$8,187 or from \$5.66 to \$6.42 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #4 along with the board of review comparables #1, #2, and #3 as these comparables have a full or a partial basement when compared to the subject's crawl-space foundation.

The Board finds that the best evidence of assessment equity is the appellant's comparables #1, #2, and #3 along with the board of review comparable #4. These comparables have varying degrees of similarity when compared to the subject in dwelling size, age, and some features. These comparables have improvement assessments ranging from \$4,467 to \$5,918 or from \$3.92 to \$5.66 per square foot of living area. The subject property has an improvement assessment of \$6,211 or \$5.53 per square foot of living area, which falls between the best comparables contained in this record on a per square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
