

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Savino Dargento
DOCKET NO.: 17-42811.001-R-1
PARCEL NO.: 07-25-307-024-0000

The parties of record before the Property Tax Appeal Board are Savino Dargento, the appellant, by attorney Spiro Zarkos of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,999
IMPR.: \$18,868
TOTAL: \$24,867

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,407 square feet of living area. The dwelling is approximately 40 years old. Features of the home include a partial basement with finished area, central air conditioning and a two-car garage. The property has a 9,230 square foot site and is located in Elk Grove, Schaumburg Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code and from 1.2 to 1.7 miles from the subject. The comparables were improved Class 2-07 dwellings of frame exterior construction that are 42 or 43 years old. Each comparable has a partial basement and one comparable has a crawl-space foundation. Two comparables have central air conditioning and three comparables have a one-car garage. The dwellings range in size from 1,540 to 1,615

square feet of living area and have improvement assessments ranging from \$17,424 to \$17,765 or from \$11.00 to \$11.31 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$15,674 or \$11.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,867. The subject property has an improvement assessment of \$18,868 or \$13.41 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code with two comparables in the same block as the subject. The comparables were improved two-story dwellings of frame exterior construction that range in size from 1,167 to 1,530 square feet of living area and are 40 or 41 years old. Three comparables have either a full or partial basement with finished area and one comparable has a concrete-slab foundation. Each comparable has central air conditioning, one comparable has a fireplace and each comparable has either a one-car or a two-car garage. The comparables have improvement assessments that ranged from \$17,460 to \$23,838 or from \$14.83 to \$15.58 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables as these properties are located over 1 mile from the subject property. The Board gave less weight to the board of reviews comparable #4 for lack of a basement when compared to subject

The Board finds that the best evidence of assessment equity is the board of reviews comparables #1, #2, and #3. These comparables have varying degrees of similarity when compared to the subject in location, age, dwelling size, and some features. These comparables have improvement assessments that range from \$17,460 to \$23,838 or from \$14.96 to \$15.58 per square foot of living area. The subject property has an improvement assessment of \$18,868 or \$13.41 per square foot of living area, which falls below the range established by the most similar comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this evidence the Board finds no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
