

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sagar Modi  
DOCKET NO.: 17-42812.001-R-1  
PARCEL NO.: 10-21-222-065-0000

The parties of record before the Property Tax Appeal Board are Sagar Modi, the appellant, by attorney Spiro Zarkos of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,596  
**IMPR.:** \$24,568  
**TOTAL:** \$28,164

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 1,614 square feet of living area. The dwelling is approximately 55 years old. Features of the home include a crawl-space foundation and central air conditioning. The property has a 4,960 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on four equity comparables located from 1.6-miles to 2.6-miles and in the same neighborhood code as the subject. The comparables were improved class 2-07 dwellings of frame and masonry exterior construction that range in age from 57 to 62 years old. Each comparable has a full or a partial basement with finished area. Three comparables have central air conditioning, and either a 1.5-car or a 2-car garage. Two comparables each have a fireplace. The dwellings range in size from 1,544 to 1,868 square feet of living area and have improvement assessments ranging from \$15,345 to \$27,523 or from \$9.94 to \$14.73 per square foot of living area. Based on this evidence,

the appellant requested that the improvement assessment be reduced to \$21,127 or \$13.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,164. The subject property has an improvement assessment of \$24,568 or \$15.22 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on eight equity comparables located in same neighborhood code as the subject property, four of which are in the same block and within a ¼ of a mile from the subject. The comparables were improved two-story class 2-07 dwellings of masonry or frame and masonry exterior construction that range in size from 1,344 to 1,929 square feet of living area that range in age from 52 to 62 years old. Each comparable has a full or a partial basement with seven comparables having finished area, central air conditioning and from a 1.5-car to a 3-car garage. Four comparables each have one fireplace. The comparables have improvement assessments ranging from \$23,038 to \$32,808 or from \$15.35 to \$24.41 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve suggested comparables for the Board's consideration.

The Board finds these comparables have varying degrees of similarity to the subject in dwelling size, age and features. The Board also finds the subject has an inferior crawl-space foundation and no garage in contrast to the appellant's comparables, suggesting downward adjustments would be required to these comparables to make them more equivalent to the subject. These comparables have improvement assessments that range from \$15,354 to \$32,808 or from \$9.94 to \$24.41 per square foot of living area. The subject property has an improvement assessment of \$24,568 or \$15.22 per square foot of living area, which falls within the range established by the comparables contained in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the subject assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
