

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Plonis
DOCKET NO.: 17-42827.001-R-1
PARCEL NO.: 32-32-411-035-0000

The parties of record before the Property Tax Appeal Board are Ron Plonis, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$859
IMPR.: \$6,170
TOTAL: \$7,029

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 855 square feet of living area. The dwelling is approximately 89 years old. Features of the home include a full unfinished basement and a one-car garage. The property has a 3,125 square foot site and is located in Steger, Bloom Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-02 one-story¹ dwellings of frame exterior construction

¹ The photographic evidence provided by the appellant depicts each comparable is improved with a one-story dwelling.

ranging in size from 720 to 924 square feet of living area. The dwellings range in age from 94 to 99 years old. Two comparables have either a crawl space or a concrete slab foundation, two comparables have full basements with one having finished area and two comparables each have a 1.5-car garage. The comparables have improvement assessments that range from \$3,904 to \$5,638 or from \$5.30 to \$6.10 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$4,831 or \$5.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,029. The subject property has an improvement assessment of \$6,170 or \$7.22 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-02 one-story dwellings of frame exterior construction with either 704 or 720 square feet of living area. The dwellings range in age from 76 to 89 years old. Each comparable has a full unfinished basement and either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$5,358 to \$6,429 or from \$7.61 to \$8.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided seven suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables due to their dissimilar foundation type, finished basement and/or lack of a garage when compared to the subject. The Board gives reduced weight to board review comparable #3 due to its newer dwelling age when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2. These comparables are relatively similar to the subject in dwelling size, design, age, unfinished basement and features. They have improvement assessments of \$5,358 and \$6,429 or \$7.61 and \$8.93 per square foot of living area, respectively. The subject's improvement assessment of \$6,170 or \$7.22 per square foot of living area is bracketed by the two best comparables in overall improvement assessment but below the comparables on a square foot basis, which appears to be justified given its larger dwelling size given the principle of economies of scale. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
