

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eric Nawracaj
DOCKET NO.: 17-42829.001-R-1
PARCEL NO.: 32-29-214-006-0000

The parties of record before the Property Tax Appeal Board are Eric Nawracaj, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,860
IMPR.: \$4,329
TOTAL: \$6,189

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,213 square feet of living area. The dwelling is approximately 109 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 6,200 square foot site and is located in Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The

comparables are improved with class 2-03 1.5-story¹ dwellings of frame exterior construction ranging in size from 1,200 to 1,275 square feet of living area. The dwellings range in age from 114 to 141 years old. One comparable has a concrete slab foundation and three comparables have unfinished full or partial basements. Three comparables have either a 1-car or a 2.5-car garage. The comparables have improvement assessments that range from \$2,777 to \$3,306 or from \$2.22 to \$2.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$2,972 or \$2.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,189. The subject property has an improvement assessment of \$4,329 or \$3.57 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-03 1-story or 1.5-story dwellings of frame or masonry exterior construction ranging in size from 1,061 to 1,169 square feet of living area. The dwellings range in age from 87 to 111 years old. The comparables each have a full basement with one having finished area. One comparable has central air conditioning and a fireplace. Each comparable has a two-car garage. The comparables have improvement assessments that range from \$5,153 to \$5,810 or from \$4.81 to \$5.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparables #2 and #4 due to their dissimilar foundation or lack of a garage when compared to the subject. The Board gives reduced weight to board review comparable #1 as it has central air conditioning, not a feature the subject enjoys. The Board also gives reduced weight to board of review comparables #3 and #4 due to their dissimilar 1-story design when compared to the subject's 1.5-story design.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3, along with board of review comparable #2. These comparables are relatively similar to the

subject in dwelling size, design and features. However, the Board finds the appellant's comparables are 32 and 15 years older than the subject, respectively, suggesting an upward adjustment to these comparables would be required to make them more equivalent to the subject. The comparables have improvement assessments ranging from \$2,777 to \$5,153 or from \$2.22 to \$4.81 per square foot of living area. The subject's improvement assessment of \$4,329 or \$3.57 per square foot of living area is within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
