

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: National Home Rentals
DOCKET NO.: 17-42832.001-R-1
PARCEL NO.: 32-33-403-057-0000

The parties of record before the Property Tax Appeal Board are National Home Rentals, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,268
IMPR.: \$20,256
TOTAL: \$22,524

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,121 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has an 8,250 square foot site and is located in Steger, Bloom Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located from 3.6 to 5.9 miles from the subject, none of which are in the subject's neighborhood code. The comparables are improved with class 2-78 two-story dwellings of frame exterior construction that range in size from 2,106 to 2,184 square feet of living area and

in age from 45 to 56 years old. Each comparable has a partial basement with three having finished area, two comparables have central air conditioning, one comparable has a fireplace and each comparable has either a one-car or a two-car garage. The comparables have improvement assessments that range from \$10,501 to \$12,356 or from \$4.95 to \$5.84 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$11,411 or \$5.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,524. The subject property has an improvement assessment of \$20,256 or \$9.55 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-78 two-story dwellings of frame exterior construction, each has 2,121 square feet of living area and is 16 years old. Each comparable has a full unfinished basement, central air conditioning, one fireplace and a two-car garage. The comparables have improvement assessments of \$21,277 and \$21,346 or \$10.01 and \$10.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparables due to their distant locations from the subject being more than 3 miles away and their dwellings are considerably older in age when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review comparables. These comparables are identical to the subject in dwelling size, design, age, and features. They have improvement assessments of \$21,277 and \$21,346 or \$10.01 and \$10.06 per square foot of living area, respectively. The subject's improvement assessment of \$20,256 or \$9.55 per square foot of living area is below the best comparables in this record both in terms of overall improvement assessment and on a square foot basis, indicating the subject's improvement is under-assessed. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
