

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Plonis
DOCKET NO.: 17-42838.001-R-1
PARCEL NO.: 32-25-410-014-0000

The parties of record before the Property Tax Appeal Board are Ron Plonis, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,980
IMPR.: \$3,216
TOTAL: \$5,196

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,120 square feet of living area. The dwelling is approximately 60 years old. Features of the home include a concrete slab foundation, central air conditioning and a 1.5-car garage. The property has a 7,200 square foot site and is located in Sauk Village, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The

comparables are improved with class 2-03 one-story¹ dwellings of frame exterior construction ranging in size from 1,040 to 1,262 square feet of living area. The dwellings are each 59 years old. The comparables each have a concrete slab foundation and one comparable has a two-car garage. The comparables have improvement assessments that range from \$2,404 to \$2,816 or from \$2.23 to \$2.35 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$2,565 or \$2.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,196. The subject property has an improvement assessment of \$3,216 or \$2.87 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-03 one-story dwellings of frame exterior construction ranging in size from 1,008 to 1,344 square feet of living area. The dwellings are either 59 or 60 years old. One comparable has a full unfinished basement, one comparable has a crawl space foundation, two comparables have concrete slab foundations and each comparable has a two-car garage. The comparables have improvement assessments that range from \$3,712 to \$5,204 or from \$3.67 to \$4.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparables #1, #2 and #3 as each lack a garage, a feature of the subject. The Board gives reduced weight to board of review comparable #1 due to its larger dwelling size when compared to the subject and board of review comparable #2 due to its basement foundation which differs from the subject's concrete slab foundation.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 and board of review comparables #3 and #4. These comparables are relatively similar to the subject in dwelling size, design, age and features, except none of the comparables have central air conditioning, a feature the subject enjoys, suggesting an upward adjustment to these comparables

would be required to make them more equivalent to the subject. The comparables have improvement assessments ranging from \$2,444 to \$3,749 or from \$2.35 to \$3.72 per square foot of living area. The subject's improvement assessment of \$3,126 or \$2.87 per square foot of living area is within the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
