

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Derek Wright  
DOCKET NO.: 17-42839.001-R-1  
PARCEL NO.: 31-27-411-010-0000

The parties of record before the Property Tax Appeal Board are Derek Wright, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,677  
**IMPR.:** \$4,916  
**TOTAL:** \$6,593

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 864 square feet of living area. The dwelling is approximately 48 years old. Features of the home include a concrete slab foundation and a one-car garage. The property has a 6,100 square foot site and is located in Richton Park, Rich Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-02 dwellings<sup>1</sup> of frame exterior construction with either

775 or 925 square feet of living area. The dwellings range in age from 45 to 119 years old. One comparable has a full basement with finished area, three comparables each have a crawl space or a concrete slab foundation and three comparables have either a one-car or a two-car garage. The comparables have improvement assessments that range from \$3,371 to \$4,838 or from \$3.89 to \$5.23 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$3,888 or \$4.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,593. The subject property has an improvement assessment of \$4,916 or \$5.69 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-02 one-story dwellings of frame exterior construction with either 864 or 900 square feet of living area. The dwellings are 46 or 48 years old. The comparables each have a concrete slab or crawl space foundation and a one car garage. The comparables have improvement assessments of \$5,577 and \$5,746 or \$6.38 and 6.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided seven suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparables #1, #2 and #3 due to their older dwelling age, dissimilar foundation or lack of a garage, respectively. The Board finds the best evidence of assessment equity to be appellant's comparable #4 and the comparables submitted by the board of review. These comparables are relatively similar to the subject in location, dwelling size, design, age and features. They have improvement assessments ranging from \$4,838 to \$5746 or from \$5.23 to \$6.45 per square foot of living area. The subject's improvement assessment of \$4,916 or \$5.69 per square foot of living area is within the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
