

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AN Capital, LLC
DOCKET NO.: 17-42843.001-R-1
PARCEL NO.: 33-07-412-026-0000

The parties of record before the Property Tax Appeal Board are AN Capital, LLC, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,805
IMPR.: \$14,066
TOTAL: \$16,871

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,892 square feet of living area. The dwelling is approximately 39 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a two-car garage. The property has a 6,600 square foot site and is located in Lynwood, Bloom Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis and photographs of four comparable properties that are located from 7.4 to 8.9 miles from the subject property. The comparables are improved with class 2-04 one-story dwellings of frame and masonry exterior construction ranging in size from 2,011 to 3,112 square feet of living area. The dwellings range

in age from 26 to 92 years old. Each comparable has a full or partial basement with one having finished area, three comparables have central air conditioning, three comparables have one fireplace each and each comparable has either a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments that range from \$10,262 to \$15,957 or from \$5.02 to \$5.13 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$9,611 or \$5.08 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,871. The subject property has an improvement assessment of \$14,066 or \$7.43 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparable properties located within the same neighborhood code and block as the subject property. The comparables are improved with class 2-04 one-story dwellings of frame and masonry exterior construction ranging in size from 1,883 to 1,946 square feet of living area. The dwellings are each 32 years old. The comparables each have a partial basement with one having finished area. Each comparable also has central air conditioning and a two-car garage. The comparables have improvement assessments that range from \$14,309 to \$14,638 or from \$7.52 to \$7.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided seven suggested comparable properties to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables due to their larger dwelling sizes and dissimilar ages, when compared to the subject, as well as their distant locations from the subject being more than 7 miles away. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. These comparables are most similar to the subject in location, dwelling size, design, age and features. They have improvement assessments that range from \$14,309 to \$14,638 or from \$7.52 to \$7.66 per square foot of living area. The subject's improvement assessment of \$14,066 or \$7.43 per square foot of living area is below the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
