

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Plonis
DOCKET NO.: 17-42853.001-R-1
PARCEL NO.: 32-03-334-023-0000

The parties of record before the Property Tax Appeal Board are Ron Plonis, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,815
IMPR.: \$7,041
TOTAL: \$8,856

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,188 square feet of living area. The dwelling is approximately 46 years old. Features of the home include a crawl space foundation and a one-car garage. The property has a 6,600 square foot site and is located in Glenwood, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis and photographs of the subject and four comparable properties that are located within the same neighborhood code as the subject property. The comparables are improved with one-story class 2-03 dwellings of frame exterior construction ranging in size from 1,119 to 1,270 square feet of living area. The dwellings range in age from 60 to 66 years old. One comparable has a crawl space foundation,

three comparables have full unfinished basements, two comparables have central air conditioning and three comparables have two-car garages. The comparables have improvement assessments that range from \$4,830 to \$5,903 or from \$4.32 to \$4.85 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$5,441 or \$4.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,856. The subject property has an improvement assessment of \$7,041 or \$5.93 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted a grid analysis of the subject and four comparable properties located within the same neighborhood code and block as the subject property. The comparables are improved with one-story class 2-03 dwellings of frame exterior construction with 1,194 or 1,293 square feet of living area, each are 46 years old. The comparables each have a crawl space foundation and either a one-car or a two-car garage. Three comparables have central air conditioning. The comparables have improvement assessments that range from \$8,066 to \$8,921 or from \$6.24 to \$7.47 per square foot of living area. As part of its submission, the board of review reported that the subject was purchased in October 2017 for a price of \$132,000. The board of review asserted that the subject's market value reflected by its assessment is below the purchase price. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested comparable properties to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables due to their considerably older dwellings and/or dissimilar foundation types when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. These comparables are similar to the subject in location, dwelling size, design, age and most features, except three comparables have central air conditioning, not a feature the subject enjoys, suggesting a downward adjustment to these comparables would be required to make them more equivalent to the subject. The comparables have improvement assessments that range from \$8,066 to \$8,921 or from \$6.24 to \$7.47 per square foot of living area. The subject's improvement assessment of \$7,041 or \$5.93 per square foot of living area is below the range established by the best comparables in the record, which appears to be justified given its lack of central air conditioning. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
