

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CHI 2 SF, LLC
DOCKET NO.: 17-43149.001-R-1
PARCEL NO.: 19-17-221-003-0000

The parties of record before the Property Tax Appeal Board are CHI 2 SF, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C., in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,402
IMPR.: \$11,844
TOTAL: \$15,246

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,008 square feet of living area. The dwelling is approximately 59 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 3,780 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables consist of similar class 2-03 dwellings of masonry exterior construction. The homes range in age from 60 to 68 years old and range in size from 1,128 to 1,349 square feet of living area. Each comparable has a full basement, two of which have formal recreation rooms.

Each comparable has central air conditioning and two comparables have a one-car and a two-car garage, respectively. The comparables have improvement assessments ranging from \$9,302 to \$10,531 or from \$7.41 to \$8.25 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$7,893 or \$7.83 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,246. The subject property has an improvement assessment of \$11,844 or \$11.75 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property and either on the same block, the subarea or within ¼ of a mile of the subject. The comparables consist of similar class 2-03 one-story dwellings of masonry exterior construction. The homes range in age from 54 to 56 years old and contain either 1,020 or 1,040 square feet of living area. Each comparable has full basement with a formal recreation room. One comparable has central air conditioning and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$14,316 to \$15,765 or from \$14.04 to \$15.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #2 and #3 due to their larger dwelling sizes when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 along with the board of review comparables. These four comparables have varying degrees of similarity to the subject in location, age, size and/or features. The comparables had improvement assessments that ranged from \$9,302 to \$15,765 or from \$8.25 to \$15.46 per square foot of living area. The subject's improvement assessment of \$11,844 or \$11.75 per square foot of living area falls within the range established by the best comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by

the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. For the foregoing reasons, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed. Therefore, the Property Tax Appeal Board finds that the subject's assessment as established by the board of review is correct and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
