

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sarah Naiman
DOCKET NO.: 17-43166.001-R-1
PARCEL NO.: 30-19-209-046-0000

The parties of record before the Property Tax Appeal Board are Sarah Naiman, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C., in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,953
IMPR.: \$4,256
TOTAL: \$6,209

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,147 square feet of living area. The dwelling was approximately 58 years old. Features of the home include a concrete slab foundation and a 2.5-car garage. The property has a 5,580 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables consist of class 2-03 dwellings of frame or frame and masonry exterior construction. The dwellings range in age from 56 to 61 years old and range in size from 1,147 to

1,388 square feet of living area. Each dwelling has a concrete slab foundation, one comparable has central air conditioning and each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$1,448 to \$2,157 or from \$1.26 to \$1.66 per square foot of living area.

Based on this evidence, the appellant requested a reduced improvement assessment of \$1,652 or \$1.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,209. The subject property has an improvement assessment of \$4,256 or \$3.71 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code and the same block as the subject. The comparables consist of one-story class 2-03 dwellings of frame and masonry exterior construction. The dwellings are each 58 years old and contain 1,147 square feet of living area with a concrete slab foundation and a two-car garage. The comparables have improvement assessments of either \$4,876 or \$4,983 or of \$4.25 or \$4.34 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #3 and #4 which each differ from the subject in dwelling size.

The Board finds the best comparables in the record to be appellant's comparables #1 and #2 along with the board of review comparables. These six comparables had improvement assessments that ranged from \$1,448 to \$4,983 or from \$1.26 to \$4.34 per square foot of living area. The subject's improvement assessment of \$4,256 or \$3.71 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences in features and/or garage size where the subject has a superior garage to all of the comparables in the record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
