

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matt Dombroski  
DOCKET NO.: 17-43169.001-R-1  
PARCEL NO.: 14-33-111-055-0000

The parties of record before the Property Tax Appeal Board are Matt Dombroski, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C., in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 9,630  
**IMPR.:** \$39,584  
**TOTAL:** \$49,214

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 1,323 square feet of living area. The dwelling was approximately 47 years old. Features of the home include a full basement with a formal recreation room, central air conditioning and a fireplace. The property has a 1,070 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables consist of class 2-95 dwellings of masonry exterior construction. The dwellings range in age from 30 to 45 years old and range in size from 1,092 to 1,674 square feet of living

area. Each dwelling has either a crawl-space or concrete slab foundation. Each home has central air conditioning, three comparables each have a fireplace and one comparable has a two-car garage. The comparables have improvement assessments ranging from \$21,779 to \$26,113 or from \$14.50 to \$20.10 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$23,020 or \$17.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,214. The subject property has an improvement assessment of \$39,584 or \$29.92 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within both the same neighborhood code and the same block as the subject. The comparables consist of two-story dwellings of masonry exterior construction. The dwellings were each 47 years old and contain either 1,072 or 1,088 square feet of living area. Each comparable has a full basement with a formal recreation room, central air conditioning and a fireplace. The comparables have improvement assessments ranging from \$32,575 to \$33,695 or from \$30.01 to \$30.97 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables which each lack a basement foundation which is a feature of the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar in location, age, foundation and features to the subject. These comparables had improvement assessments that ranged from \$32,575 to \$33,695 or from \$30.01 to \$30.97 per square foot of living area. The subject's improvement assessment of \$39,584 or \$29.92 per square foot of living area falls below the range established by the best comparables in this record on a per-square-foot basis but has a higher overall improvement assessment which is logical given that the subject is nearly 300 square feet larger than these best comparable dwellings. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
