

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Brouwer
DOCKET NO.: 17-43427.001-R-1 through 17-43427.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Robert Brouwer, the appellant(s), by attorney John W. Zapala, of the Law Offices of John Zapala, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
17-43427.001-R-1	32-33-328-043-0000	702	3,659	\$4,361
17-43427.002-R-1	32-33-328-044-0000	702	3,659	\$4,361

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 33-year-old, one-story, building of masonry construction containing 1,147 square feet of gross building area. Features of the subject include a partial unfinished basement, central air conditioning and a two-car garage. The property is situated on two contiguous parcels with a total of 2,554 square feet in Steger, Bloom Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a Judicial Sale Deed disclosing the subject property was purchased at public auction on April 16, 2013. The appellant also submitted a deed trail disclosing a *lis pendens* and Notice

of Foreclosure, and a Special Warranty Deed had been recorded against the subject. The subject's sale price reflects a market value of \$39.23 per square foot of gross building area including land. The appellant included information in Section IV–Recent Sale Data of the Residential Appeal that the subject was sold for \$45,000 on November 21, 2014; not sold as a transfer between related parties; was advertised and sold through a realtor; and was sold in settlement of a foreclosure. In further support of the overvaluation argument, the appellant submitted information on five suggested comparable sales and a grid entitled “Comparable Sales Analysis Detail” disclosing adjustments to the property values of those comparable properties. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,722. The subject's assessment reflects a market value of \$87,220, or \$76.04 per square foot of gross building area, when using the 2017 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales. The board of review also submitted a brief in which it argued the subject's sale was compulsory. It appended a deed trail that disclosed a *lis pendens* and Notice of Foreclosure, and a special Warranty Deed had been recorded against the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in 2014 for \$45,000 is a "compulsory sale." The appellant's evidence disclosed the subject was sold as foreclosure property in a judicial sale. A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

The Board may consider market value evidence, such as sales of comparable properties submitted by the parties, to determine whether the subject was sold at fair cash value. 86 Ill.Admin.Code §1910.65(c)(4); *See Calumet Transfer LLC v. Illinois Property Tax Appeal Board*, 401 Ill.App.3d 652 (1st Dist. 2010).

The Board finds the appellant failed to establish the admissibility of and to lay a foundation for the adjustments in the Comparable Sales Analysis Detail grid. Therefore, the Board gives them no weight. However, the Board may consider the raw, unadjusted sale data.

The Board finds the best evidence of market value to be the appellant's comparable sale(s) #1, #2 and #5, and the board of review comparable sale(s) #2, #3 and #4. These comparables sold for prices ranging from \$63.91 to \$108.99 per square foot of living area, including land. The subject's assessment reflects a market value of \$76.04 per square foot of living area including land, which is within the range established by the best comparable sales in this record. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

In determining the fair cash value of the subject property and all relevant factors, the Board finds that the appellant has not met its burden by a preponderance of the evidence and that the subject does not warrant a reduction based upon the market data submitted into evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
