

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vida Ataa  
DOCKET NO.: 17-44115.001-R-1  
PARCEL NO.: 31-15-103-010-0000

The parties of record before the Property Tax Appeal Board are Vida Ataa, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,933  
**IMPR.:** \$21,126  
**TOTAL:** \$26,059

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 16 year-old, two-story dwelling of frame and masonry construction containing 3,301 square feet of living area. Features of the subject include a full unfinished basement, central air conditioning, one fireplace and a three-car garage. The property has an 11,608 square foot site located in Matteson, Rich Township, Cook County. It is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the assessment inequity argument, the appellant submitted information on nine

suggested equity comparable properties.<sup>1</sup> These properties ranged from 3,218 to 3,301 square feet of living area, or from \$5.33 to \$6.41 per square foot. In support of the overvaluation argument, the appellant submitted information on three suggested comparable sales that sold from May 2004 through July 2009.<sup>2</sup> These properties ranged from 3,218 to 3,301 square feet of living area including land, or from \$62.71 to \$91.79 per square foot.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,059. The subject property has an improvement assessment of \$21,126, or \$6.40 per square foot of living area. The subject's total assessment reflects a market value of \$260,590, or \$78.94 per square foot of living area including land. The subject's including land, when applying the 2017 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparable properties. These properties ranged from 3,301 to 3,700 square feet of living area, or from \$6.46 to \$7.41 per square foot. The board of review did not submit suggested sale comparable properties.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable(s) #1, #3, #5, #6 and #7, and the board of review's comparable(s) #1 and #2. These comparables had improvement assessments that ranged from \$5.33 to \$7.06 per square foot of living area. The subject's improvement assessment of \$6.40 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment based on assessment inequity is not justified.

---

<sup>1</sup> The appellant submitted assessment and property characteristics information sheets for each of these nine properties. The appellant cited four of these assessment equity properties in his Assessment Grid Analysis. The Board considered these nine properties in the order in which the appellant's information sheets were compiled.

<sup>2</sup> The appellant cited the sale data for these three suggested comparable sale properties in his Assessment Grid Analysis. They are also among the nine suggested assessment equity comparable properties submitted by the appellant.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the suggested sale comparable properties submitted by the appellant sold too remotely in time, from 2004 through 2009, to be reliable evidence of recent market value. Proof of market value based on a sales market argument must be supported by “documentation of not fewer than three **recent** sales of suggested comparable properties...” 86 Ill.Admin.Code §1910.65(c)(4). [emphasis added] Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment based on assessment inequity is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
