

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Sheehan
DOCKET NO.: 17-44166.001-R-1
PARCEL NO.: 17-33-313-004-0000

The parties of record before the Property Tax Appeal Board are Kevin Sheehan, the appellant, by attorney Scott L. David, of Much Shelist in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,416
IMPR.: \$16,609
TOTAL: \$27,025

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story mixed-use building of frame exterior construction with 2,619 square feet of building area. The building is approximately 124 years old. Features of the building include a full unfinished basement and a two-car garage. The property has a 2,976 square foot site located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-12 mixed-use property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-12 buildings of frame or masonry exterior construction ranging in size from 2,340 to 3,048 square feet of building area. The buildings range in age from 124 to 127 years old. Each comparable has a partial or a full unfinished

basement. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$11,808 to \$19,201 or from \$5.05 to \$6.30 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$14,661 or \$5.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,025. The subject property has an improvement assessment of \$16,609 or \$6.34 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two, two-story class 2-11 and one, two-story class 2-12 multi-family buildings of frame or masonry exterior construction ranging in size from 2,992 to 3,344 square feet of building area. The buildings are either 13 or 127 years old. The comparables have full basements with one having an apartment. Two comparables each have central air conditioning and a two-car garage. One comparable has two fireplaces. The comparables have improvement assessments ranging from \$19,431 to \$41,430 or from \$6.49 to \$12.39 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the board of review's comparables due to their dissimilar class codes, newer age and/or larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables as they have varying degrees in similarity to the subject in location, design and/or class, age, dwelling size and other features despite lacking garages in contrast to the subject. The best comparables have improvement assessments ranging from \$11,808 to \$19,201 or from \$5.05 to \$6.30 or from \$5.05 to \$6.30 per square foot of living area. The subject's improvement assessment of \$16,609 or \$6.34 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement assessment basis but slightly above on a per square foot basis. Furthermore, due to the subject's garage which the comparables lack, the subject's higher assessment per square foot is justified. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
