

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Debello
DOCKET NO.: 17-44320.001-R-1
PARCEL NO.: 31-36-109-025-0000

The parties of record before the Property Tax Appeal Board are Nick Debello, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,168
IMPR.: \$4,593
TOTAL: \$6,761

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction with 1,470 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a slab foundation, central air conditioning, one fireplace and an attached one-car garage. The property has a 7,229 square foot site and is located in Park Forest, Rich Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales classified as class 2-03 properties improved with dwellings of frame and masonry construction ranging in size from 1,170 to 1,521 square feet of living area. The dwellings are either 62 or 66 years old. Each property has a slab foundation, two comparables have central air conditioning, one comparable has one fireplace,

and three comparables have a one-car attached garage. The comparables have sites ranging in size from 7,350 to 8,950 square feet of land area. Each property has the same assessment neighborhood code as the subject property. The sales occurred from February 2016 to June 2017 for prices ranging from \$52,000 to \$75,000 or from \$42.36 to \$49.31 per square foot of living area, including land. The appellant requested the subject's assessment be reduced to \$6,761.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,079. The subject's assessment reflects a market value of \$80,790 or \$54.96 per square foot of living area, including land, when applying the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2-03 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales improved with one-story dwellings of frame and masonry construction ranging in size from 1,109 to 1,488 square feet of living area. The homes are either 60 or 62 years old and have the same classification code as the subject property. Each property has a slab foundation, three comparables have central air conditioning, one comparable has a fireplace, and three comparables have a 1-car, a 2-car, or a 2.5-car garage. These properties have sites ranging in size from 7,144 to 9,068 square feet of land area. The comparables have the same assessment neighborhood code as the subject property. The sales occurred from September 2014 to December 2016 for prices ranging from \$10,000 to \$91,900 or from \$6.95 to \$61.76 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on eight comparable sales improved with dwellings relatively similar to the subject in location, style, age and features to support their respective positions. The Board gives less weight to board of review comparable #2 as the price of \$10,000 appears to be an outlier when contrasted with the remaining sales. The Board also gives less weight to board of review sale #3 as this property sold in September 2014, not as proximate in time to the assessment date as the remaining comparables submitted by the parties. The six remaining comparable sales sold for prices ranging from \$40,009 to \$75,000 or from \$27.59 to \$51.40 per square foot of living area, including land. The subject's assessment reflects a market value of \$80,790 or \$54.96 per square foot of living area, including land, which is above the range established by the best comparable sales in this record on a square foot basis. Based on this evidence the Board finds a reduction in the assessment of the subject property commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
