

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jafri Urooj
DOCKET NO.: 17-44329.001-R-1
PARCEL NO.: 06-28-106-089-0000

The parties of record before the Property Tax Appeal Board are Jafri Urooj, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,548
IMPR.: \$22,009
TOTAL: \$23,557

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame construction with 2,171 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a two-car attached garage. The property has a 2,949 square foot site and is located in Streamwood, Hanover Township, Cook County. The subject is classified as a class 2-95 townhouse or row house under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales classified as class 2-95 properties improved with dwellings of frame construction each with 2,171 square feet of living area. Each dwelling is 9 years old. Each property has a full unfinished, central air conditioning, one fireplace, and a two-car attached garage. The comparables have sites ranging in size from 2,149

to 2,540 square feet of land area. Each property has the same assessment neighborhood code as the subject property. The sales occurred from March 2015 to January 2017 for prices ranging from \$209,000 to \$220,000 or from \$96.27 to \$101.34 per square foot of living area, including land. The appellant requested the subject's assessment be reduced to \$21,560.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,557. The subject's assessment reflects a market value of \$235,570 or \$108.51 per square foot of living area, including land, when applying the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales improved with two-story dwellings of frame or frame and masonry construction ranging in size from 2,132 to 2,451 square feet of living area. The homes are either 9 or 22 years old and have the same classification code as the subject property. Each property has a full basement with one having a recreation room, central air conditioning, one fireplace, and a two-car garage. These properties have sites ranging in size from 1,693 to 2,949 square feet of land area. The comparables have the same assessment neighborhood code as the subject property. The sales occurred from July 2015 to December 2016 for prices ranging from \$234,000 to \$280,000 or from \$109.76 to \$119.71 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparable sales improved with dwellings similar to the subject in style and features to support their respective positions. Less weight is given to board of review comparable sale #2 due to differences from the subject in age and size. The seven remaining comparables sold for prices ranging from \$209,000 to \$259,900 or from \$96.27 to \$119.71 per square foot of living area, including land. Board of review comparable #1 is located along the same street and within the same block as the subject property. This comparable is slightly newer than the subject property and sold on December 1, 2016, one month prior to the assessment date, for a price of \$255,000 or \$117.46 per square foot of living area, including land. The subject's assessment reflects a market value of \$235,570 or \$108.51 per square foot of living area, including land, which is within the range established by the best comparable sales in this record and well supported by the comparable most similar in location. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
