

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Quach Minh
DOCKET NO.: 17-44340.001-R-1
PARCEL NO.: 10-21-202-023-0000

The parties of record before the Property Tax Appeal Board are Quach Minh, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,625
IMPR.: \$43,481
TOTAL: \$47,106

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family dwelling of masonry exterior construction with 4,510 square feet of living area. The dwelling is 27 years old. Features of the home include a concrete slab foundation, central air conditioning, and a two-car garage. The property has a 5,000 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that have the same neighborhood code as the subject. The comparables are described as class 2-11, two-story or three-story dwellings of masonry exterior construction that range in size from 4,226 to 4,683 square feet of living area. The dwellings are 26 to 47 years old. Three

comparables have concrete slab foundations and one comparable has a full unfinished basement. Each comparable has central air conditioning and a two-car garage. The comparables have improvement assessments ranging from \$38,034 to \$40,770 or from \$8.15 to \$9.04 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$39,376 or \$8.73 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,106. The subject has an improvement assessment of \$43,481 or \$9.64 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same neighborhood code as the subject. The comparables are described as class 2-11, two-story or three-story dwellings of masonry exterior construction that range in size from 4,510 to 4,642 square feet of living area. The dwellings are 25 to 60 years old. Three comparables have concrete slab foundations and one comparable has a full unfinished basement. Each comparable has central air conditioning and a two-car or a three-car garage. The comparables have improvement assessments ranging from \$43,675 to \$47,155 or from \$9.68 to \$10.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject. The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration similar to the subject in location. The Board gave less weight to appellant's comparables #2 and #4 along with board of review comparable #4 due to differences in design, age and/or dwelling size when compared to the subject and the other comparables in the record.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3 along with board of review comparables #1, #2 and #3 as they are most similar to the subject in dwelling size and age. These comparables have improvement assessments ranging from \$39,405 to \$45,315 or from \$8.74 to \$9.90 per square foot of living area. The subject has an improvement assessment of \$43,481 or \$9.64 per square foot of living area, which falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported and therefore, a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
