

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Debello
DOCKET NO.: 17-44378.001-R-1
PARCEL NO.: 31-24-432-001-0000

The parties of record before the Property Tax Appeal Board are Nick Debello, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,819
IMPR.: \$5,881
TOTAL: \$8,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,247 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a partial basement with finished area and a 2.5-car garage. The property has an 8,676 square foot site and is located in Park Forest, Rich Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located in the same neighborhood code as the subject property. The comparables have sites that range in size from 7,500 to 9,600 square feet of land area and are improved with class 2-34 dwellings of frame and masonry exterior construction that range in size from 1,121 to 1,224 square feet of living area. The homes range

in age from 56 to 59 years old. Each comparable has a partial basement with finished area, three comparables have central air conditioning and three comparables each have either a 2-car or a 2.5-car garage. The comparables sold from May 2015 to August 2016 for prices ranging from \$42,300 to \$86,000 or from \$37.73 to \$70.26 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$6,945.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,520. The subject's assessment reflects a market value of \$105,200 or \$84.36 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located in different neighborhood codes than the subject property. The comparables have sites that range in size from 1,114 to 4,377 square feet of land area and are improved with one-story or two-story, class 2-95 dwellings of frame, masonry or frame and masonry exterior construction that range in size from 1,344 to 1,518 square feet of living area. The homes range in age from 13 to 41 years old. Three comparables have basements, two with finished area and one comparable has a concrete slab foundation. Each comparable has a 2-car garage and central air conditioning. Two comparables each have one fireplace. The comparables sold from May 2014 to August 2017 for prices ranging from \$123,000 to \$165,000 or from \$92.10 to \$120.70 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gave less weight to the board of review comparables due to differences in location, age, design, site size and dwelling size when compared to the subject property characteristics.

The Board finds the best evidence of market value to be the appellant's comparable sales which are similar to the subject in location, site size, age, dwelling size and most features. These comparables sold from May 2015 to August 2016 for prices ranging from \$42,300 to \$86,000 or from \$37.73 to \$70.26 per square foot of living area, including land. The subject's assessment reflects a market value of \$105,200 or \$84.36 per square foot of living area, including land, which falls above the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
