

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Durr
DOCKET NO.: 17-44389.001-R-1
PARCEL NO.: 32-13-103-002-0000

The parties of record before the Property Tax Appeal Board are Robert Durr, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,380
IMPR.: \$21,604
TOTAL: \$24,984

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,004 square feet of living area. The dwelling is approximately 16 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 3-car garage. The property has a 10,400 square foot site and is located in Lynwood, Bloom Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on both overvaluation and assessment inequity. The subject's land assessment was not challenged.

In support of the overvaluation argument, the appellant submitted limited descriptive information on four comparable sales located in the same neighborhood code as the subject property. The

comparables have sites that range in size from 11,266 to 17,179 square feet of land area and are improved with class 2-78 dwellings that range in size from 3,004 to 3,090 square feet of living area. The dwellings range in age from 13 to 19 years old. The comparables sold from April 2015 to June 2017 for prices ranging from \$183,174 to \$223,000 or from \$60.98 to \$72.70 per square foot of living area, land included. The appellant did not provide descriptive details for the comparables sales, such as foundation type, garage and other features.

As an alternate basis of the appeal, the appellant contends assessment inequity with respect to the improvement assessment. In support of the equity argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story, class 2-78 dwellings of frame and masonry exterior construction that range in size from 3,038 to 3,632 square feet of living area. The dwellings range in age from 13 to 19 years old. Each comparable has a basement, three with finished area, one fireplace and a 2-car or a 3-car garage. Three comparables have central air conditioning. The comparables have improvement assessments that range from \$16,079 to \$22,409 or from \$4.97 to \$6.50 per square foot of living area.

Based on this evidence, the appellant requested the subject's total assessment be reduced to \$20,084. The requested assessment reflects a total market value of \$200,840 or \$66.86 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. The request would lower the subject's improvement assessment to \$16,704 or \$5.56 per square foot of living area.

The board of review submitted two "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,984. The subject's assessment reflects a market value of \$249,840 or \$83.17 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. The subject has an improvement assessment of \$21,604 or \$6.86 per square foot of living area.

In support of its contention of the correct assessment on market value grounds, the board of review submitted information on four comparable sales located in the same neighborhood code as the subject property. Board of review comparable #4 is the same property as the appellant's comparable #4. The comparables have sites that range in size from 11,362 to 17,179 square feet of land area and are improved with two-story, class 2-78 dwellings of frame and masonry exterior construction that range in size from 3,055 to 3,177 square feet of living area. The dwellings range in age from 10 to 16 years old. Each comparable has a basement, one with finished area, central air conditioning and a 3-car garage. Three comparables each have one fireplace. The comparables sold from April 2015 to February 2016 for prices ranging from \$205,000 to \$250,000 or from \$64.53 to \$81.83 per square foot of living area, land included.

On equity grounds, the board of review submitted information on four equity comparables located in the same neighborhood code and same block as the subject property. The comparables are improved with two-story, class 2-78 dwellings of frame and masonry exterior construction that have 3,090 or 3,323 square feet of living area. The homes are 16 years old. Each comparable has a basement, one with finished area, central air conditioning, one or two

fireplaces and a 3-car garage. The comparables have improvement assessments ranging from \$22,486 to \$24,438 or from \$7.28 to \$7.53 per square foot of living area.

Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends, in part, the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales for the Board's consideration as one comparable was common to both parties. The Board gave less weight to the appellant's comparables #1, #2 and #3 due to an absence of details on foundation type, garage and other features of these properties.

The Board finds the best evidence of market value to be board of review comparables which includes the common comparable. These comparables sold from April 2015 to February 2016 for prices ranging from \$205,000 to \$250,000 or from \$64.53 to \$81.83 per square foot of living area, including land. The subject's assessment reflects a market value of \$249,840 or \$83.17 per square foot of living area, including land, which falls within the range on an overall value basis and just above the range on a per square foot basis as established by the best comparable sales in this record. The subject's smaller dwelling size, relative to the best comparables, supports a slightly higher per square foot value. After considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment, based on overvaluation is not justified.

The taxpayer also contends assessment inequity as an alternative basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with board of review comparable #1 which differ from the subject in dwelling size or finished basement when compared to the subject's size and unfinished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4 which are similar to the subject in location, age, dwelling size and most features. These comparables have improvement assessments that range from \$22,486 to \$24,438 or from \$7.28 to \$7.53 per square foot of living area. The subject's improvement assessment of \$21,604 or \$6.86 per square foot of living area falls below the range established by the best equity comparables in the record. Therefore, after considering adjustments to the comparables for differences with the subject, the Board finds the subject's assessment is supported and no reduction, based on lack of uniformity, is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date:

April 20, 2021

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
