

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Reveliotis (Revel)  
DOCKET NO.: 17-44396.001-R-1  
PARCEL NO.: 07-36-314-010-0000

The parties of record before the Property Tax Appeal Board are George Reveliotis (Revel), the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,165  
**IMPR.:** \$25,748  
**TOTAL:** \$33,913

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,278 square feet of living area. The dwelling is approximately 39 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 2-car garage. The property has a 12,562 square foot site and is located in Elk Grove Village, Schaumburg Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument the appellant submitted information on eight equity comparables located in the same neighborhood code as the subject with comparable #4 being submitted twice. The comparables are improved with two-story dwellings of frame exterior construction that range in size from 2,149 to 2,512 square feet of living area. The homes

are 35 or 39 years old. Seven comparables have unfinished basement and one comparable has a concrete slab foundation. Each comparable has central air conditioning and a 2-car garage. Six comparables each have one fireplace. The properties have improvement assessments ranging from \$21,984 to \$24,479 or from \$9.40 to \$10.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$22,453 or \$9.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,913. The subject property has an improvement assessment of \$25,748 or \$11.30 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction with 2,224 or 2,278 square feet of living area. The homes are each 39 years old. Each comparable has an unfinished basement, one fireplace and a 2-car garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$25,798 to \$29,316 or from \$11.60 to \$12.87 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve equity comparables for the Board's consideration as the appellant's comparables #4 and #5 were the same property. The Board gave reduced weight to the appellant's comparables #2, #3, #7 and #9 along with board of review comparables #1, #2 and #3 which differ from the subject in dwelling size and/or foundation construction.

The Board finds the best evidence of assessment equity to be the remaining comparables which are similar to the subject in location and age and identical to the subject in dwelling size and most features. These comparables had improvement assessments that ranged from \$22,188 to \$29,316 or from \$9.74 to \$12.87 per square foot of living area. The subject's improvement assessment of \$25,748 or \$11.30 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences with the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
