

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy McGuire
DOCKET NO.: 17-45069.001-R-1
PARCEL NO.: 25-20-424-040-0000

The parties of record before the Property Tax Appeal Board are Timothy McGuire, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,255
IMPR.: \$5,241
TOTAL: \$6,496

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a 2016 decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) in order to challenge the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 731 square feet of living area. The dwelling is approximately 51 years old. Features of the home include a partial basement with a formal recreation room. The property has a 2,510 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

As a direct appeal from a favorable decision of the Property Tax Appeal Board, the appellant marked contention of law as the basis of the appeal, however, the appellant's brief and evidence depict overvaluation as the basis of this appeal.¹ In support of this argument, the appellant submitted information on four comparable sales that were located within the same neighborhood

¹ As noted in the brief accompanying the appeal, the comparable sales provided by the appellant had assessments not reflective of each property's market value when comparing the assessments to their respective recent sales prices.

code as the subject. The comparables have lots ranging in size from 2,500 to 2,926 square feet of land area and were improved with similar class 2-95 dwellings of frame and masonry exterior construction. The comparable dwellings each contain 731 square feet of living area and are either 50 or 51 years old. Each comparable has a partial basement with a formal recreation room. One comparable has central air conditioning. The comparables sold from April 2014 to March 2017 for prices ranging from \$10,000 to \$29,000 or from \$13.68 to \$39.67 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$1,670. The requested assessment would reflect a total market value of \$16,700 or \$22.85 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,496. The subject's assessment reflects a market value of \$64,960 or \$88.86 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In response to the contention of law, the board of review noted there were limited useable comparables within the neighborhood. In support of its contention of the correct assessment, the board of review submitted information on one comparable located within the same neighborhood code as the subject and on the same block. The comparable has a 2,509 square foot lot improved with a similar class 2-95 one-story dwelling of frame and masonry exterior construction. The dwelling contains 731 square feet of living area and is 51 years old. The home has a partial basement with a formal recreation room. The property sold in February 2017 for \$65,000 or for \$88.92 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #3 and #4 which sold in 2014 and 2015, dates more remote in time to the valuation date at issue of January 1, 2017 than other sales in the record.

The Board finds the best evidence of market value to be the appellant's comparable sales #1 and #2 along with board of review comparable #1. These three comparables are similar to the subject in location and identical to the subject in design, exterior construction, age, size,

foundation and features. These three comparables sold from September 2016 to March 2017 for prices ranging from \$10,000 to \$65,000 or from \$13.68 to \$88.92 per square foot of living area, including land. The subject's assessment reflects a market value of \$64,960 or \$88.86 per square foot of living area, including land, which is within the range of the best comparable sales in this record and nearly identical to board of review comparable #1. Based on this evidence and after considering adjustments to these comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
