

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maher Alkoubaytari
DOCKET NO.: 17-46126.001-R-1
PARCEL NO.: 09-22-411-006-0000

The parties of record before the Property Tax Appeal Board are Maher Alkoubaytari, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,320
IMPR.: \$55,418
TOTAL: \$60,738

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a final administrative decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,634 square feet of living area. The dwelling is approximately 64 years old. Features of the property include a full finished basement, central air conditioning, two fireplaces, and a two-car garage. The property has a 6,650 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant, through counsel, marked contention of law and assessment inequity as the bases of the appeal. With respect to the contention of law, the appellant requested the assessment of the subject property as established by the decision of the Property Tax Appeal Board for the 2016 tax year be carried forward to the 2017 tax year pursuant to section 16-185 of the Property Tax Code. (35 ILCS 200/16-185). The appellant disclosed the subject property was the subject

matter of an appeal before the Property Tax Appeal Board the prior year under Docket Number 16-29973.001-R-1. In that appeal the Property Tax Appeal Board issued a decision lowering the assessment of the subject property to \$60,738 based on the evidence of record. The appellant indicated the property is owner-occupied.

In support of the assessment inequity argument the appellant submitted information on five equity comparables, three of which are located within a different neighborhood code than the subject property. The comparables have varying degrees of similarity when compared to the subject in location, exterior construction, age, dwelling size, and/or other features. Comparables #1 through #4 have improvement assessments ranging from \$42,781 to \$54,035 or from \$11.92 to \$14.83 per square foot of living area. For comparable #5, the appellant only provided the improvement assessment of \$15.25 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$55,418 or \$15.25 per square foot of living area.

In the supplemental brief, the appellant's attorney contends that since the time of the 2016 assessment reduction there have been no capital improvements made to the property which would materially increase the market value. The appellant's attorney requested the 2017 assessment on the subject be revised so as not to exceed the 2016 assessment of \$60,738.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,198. The board of review also reported that 2016 was the beginning of the subject's general assessment cycle and that no township equalization factor was applied in 2017. The subject property has an improvement assessment of \$58,878 or \$16.20 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within different neighborhood codes than the subject. The comparables have varying degrees of similarity when compared to the subject in exterior construction, age, dwelling size, and/or other features. The comparables have improvement assessments ranging from \$40,384 to \$59,249 or from \$16.55 to \$17.14 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant, in part, raised a contention of law asserting that the assessment of the subject property as established by the Property Tax Appeal Board for the 2016 tax year should be carried forward to the 2017 tax year pursuant to section 16-185 of the Property Tax Code. (35 ILCS 200/16-185). When a contention of law is raised the burden of proof is a preponderance of the evidence. (See 5 ILCS 100/10-15). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted on this basis.

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) states in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through

9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The record disclosed the Property Tax Appeal Board issued a decision reducing the subject's assessment for the 2016 tax year under Docket Number 16-29973.001-R-1. The record further indicates the subject property is an owner-occupied dwelling in accordance with section 16-185 of the Property Tax Code and that 2016 and 2017 are within the same general assessment period. The record contains no evidence indicating the subject property sold in an arm's length transaction after the Board's decision or that the decision of the Property Tax Appeal Board has been reversed or modified upon review. For these reasons, the Property Tax Appeal Board finds that a reduction in the subject's assessment is warranted to reflect the assessment as established in the Board's decision for the previous tax year.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
