

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Todd Rowe
DOCKET NO.: 18-00061.001-R-1
PARCEL NO.: 06-36-417-004

The parties of record before the Property Tax Appeal Board are Todd Rowe, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,251
IMPR.: \$109,710
TOTAL: \$137,961

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2.0-story dwelling of wood siding exterior construction with 2,858 square feet of living area. The dwelling was constructed in 2002. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 462 square foot garage. The property has a 13,650 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.31 of a mile from the subject property. The comparables have sites that range in size from 10,018 to 20,908 square feet of land area and are improved with a 1.5-story and three, 2.0-story dwellings of vinyl siding exterior construction that range in size from 2,619 to 2,890 square feet of living area. The homes were built in 1999 or 2001. Each comparable has a basement, one with finished area, central air

conditioning and a garage ranging in size from 462 to 759 square feet of building area. Three comparables each have one fireplace. The comparables sold from August 2017 to March 2018 for prices ranging from \$345,000 to \$417,000 or from \$126.08 to \$144.29 square feet of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$124,787.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,961. The subject's assessment reflects a market value of \$417,053 or \$145.92 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 0.22 of a mile from the subject. Board of review comparable #1 is the same sale as the appellant's comparable #1. The comparables have sites that range in size from 8,400 to 20,908 square feet of land area and are improved with a 1.5-story and three, 2.0-story dwellings of vinyl or wood siding exterior construction that range in size from 2,619 to 3,194 square feet of living area. The homes were built from 1995 to 1999. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a garage ranging in size from 528 to 792 square feet of building area. The comparables sold from August 2017 to June 2018 for prices ranging from \$400,000 to \$440,000 or from \$137.76 to \$152.73 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparables for the Board's consideration, where one comparable was common to both parties. The Board gave less weight to appellant comparable #2 and board of review comparable #4 which have finished basements compared to the subject's unfinished basement. The Board finds the best evidence of market value to be the appellant's comparables #1/board of review #1, #3 and #4 along with board of review comparable #2 and #3 which are more similar to the subject in terms of location, age, design, dwelling size and most features. These comparables sold from August 2017 to June 2018 for prices ranging from \$345,000 to \$438,900 or from \$126.08 to \$152.73 per square foot of living area, including land. The subject's assessment reflects a market value of \$417,053 or \$145.92 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds that a preponderance of the evidence supports the subject's assessment and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
