

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kalpesh Bagaria
DOCKET NO.: 18-00103.001-R-1
PARCEL NO.: 06-01-207-014

The parties of record before the Property Tax Appeal Board are Kalpesh Bagaria, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,229
IMPR.: \$92,018
TOTAL: \$111,247

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a part one-story and part two-story dwelling with a wood siding exterior construction containing 3,108 square feet of living area. The dwelling was built in 2000. Features of the home include a partial basement that is partially finished, central air conditioning, one fireplace and an attached garage with 682 square feet of building area. The property has a 10,019 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales improved with two-story dwellings with wood siding exteriors that range in size from 2,988 to 3,162 square feet of living area. The dwellings were built from 1999 to 2001. Each comparable has a basement with three being partially finished. Each comparable has central air conditioning, one or two fireplaces and an

attached garage ranging in size from 572 to 725 square feet of building area. These properties have sites ranging in size from 9,148 to 13,068 square feet of land area and are located within .14 miles of the subject property. The sales occurred from June 2017 to May 2018 for prices ranging from \$270,000 to \$320,000 or from \$85.39 to \$101.94 per square foot of living area, land included. The appellant requested the subject's assessment be reduced to \$94,990.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$111,247. The subject's assessment reflects a market value of \$336,297 or \$108.20 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales improved with two-story dwellings with wood siding exteriors ranging in size from 2,648 to 3,122 square feet of living area. The homes were built in 1999 and 2000. Each comparable has a basement with two having finished area, central air conditioning, one fireplace and an attached garage ranging in size from 462 to 725 square feet of building area. The comparables have sites ranging in size from 9,148 to 11,326 square feet of land area and are located within approximately .11 miles from the subject property. The sales occurred from June 2017 to July 2018 for prices ranging from \$310,000 to \$400,000 or from \$105.42 to \$128.12 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten sales submitted by the parties to support their respective positions. All the comparables are relatively similar to the subject property in location, style, age, construction and features with the exception that five of the comparables have unfinished basements while the subject has finished basement area. The Board gives most weight to those comparables that have finished basement area, like the subject dwelling. These five comparables sold for prices ranging from \$285,000 to \$400,000 or from \$90.13 to \$128.12 per square foot of living area, including land. The subject's assessment reflects a market value of \$336,297 or \$108.20 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
