

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mir Iqbal  
DOCKET NO.: 18-00183.001-R-1  
PARCEL NO.: 07-06-309-003

The parties of record before the Property Tax Appeal Board are Mir Iqbal, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$31,474  
**IMPR.:** \$97,066  
**TOTAL:** \$128,540

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of wood siding and face brick exterior construction with 3,709 square feet of living area. The dwelling was built in 2000. Features of the home an unfinished basement, central air conditioning, one fireplace and an attached garage with 629 square feet of building area. The property has a 14,088 square foot site and is located in Lake Villa, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales improved with two-story dwellings with wood siding exteriors that range in size from 3,615 to 3,675 square feet of living area. The dwellings were built from 1996 to 2001. Each home has basement that is partially finished, central air conditioning, one fireplace and an attached garage with either 620 or 656 square feet of building area. These properties have sites ranging in size from 12,197 to 13,504 square feet of

land area and are located from .18 to .38 miles from the subject property. The sales occurred in June 2017 for prices ranging from \$343,000 to \$382,500 or from \$93.33 to \$104.39 per square foot of living area, land included. The appellant requested the subject's assessment be reduced to \$119,321.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$128,540. The subject's assessment reflects a market value of \$388,573 or \$104.76 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on seven comparable sales improved with two-story dwellings with wood siding exteriors that range in size from 3,414 to 3,916 square feet of living area. The homes were built from 1997 to 2001. Each property has a basement with finished area, central air conditioning, one fireplace and an attached garage ranging in size from 615 to 765 square feet of building area. The comparables have sites ranging in size from 8,712 to 18,405 square feet of land area and are located within .343 miles of the subject property. The sales occurred from February 2017 to May 2018 for prices ranging from \$382,500 to \$455,000 or from \$104.39 to \$130.35 per square foot of living area, including land.

The board of review requested the assessment be sustained.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparable sales submitted by the parties to support their respective positions. The comparables are relatively similar to the subject in location, age, size and features with the exception each property has a basement that is partially finished, whereas the subject property has an unfinished basement, suggesting a downward adjustment may be needed to the comparables to make them more equivalent to the subject property for this feature. The comparables sold for prices ranging from \$343,000 to \$455,000 or from \$93.33 to \$130.35 per square foot of living area inclusive of the land. The subject's assessment reflects a market value of \$388,573 or \$104.76 per square foot of living area, including land, which is within the range established by the sales in this record. The subject's assessment reflects a market value that is below five of the comparables on an overall basis and below six of the comparables on a square foot basis. The Board finds that after considering the possible negative adjustment to the comparables for finished basement area, the subject's assessment is supported. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
