

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Anderson
DOCKET NO.: 18-00194.001-R-1
PARCEL NO.: 02-22-207-020

The parties of record before the Property Tax Appeal Board are Christopher Anderson, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,642
IMPR.: \$73,265
TOTAL: \$84,907

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding and face brick exterior construction containing 2,860 square feet of living area. The dwelling was built in 2005. Features of the home include an unfinished basement, central air conditioning, one fireplace and a two-car attached garage with 570 square feet of building area. The property has an 8,638 square foot site and is located in Antioch, Antioch Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales improved with two-story dwellings with wood siding that range in size from 2,710 to 3,310 square feet of living area. The dwellings were built from 2004 to 2007. Each home has basement with one having finished area, central air conditioning, one fireplace and an attached two-car garage ranging in size from 440 to 640 square feet of building area. These properties have sites ranging in size from 7,797 to 10,759

square feet of land area and are located from .19 to .58 miles from the subject property. The sales occurred from February to December 2017 for prices ranging from \$228,202 to \$284,500 or from \$77.50 to \$85.95 per square foot of living area, land included. The appellant requested the subject's assessment be reduced to \$76,659.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,907. The subject's assessment reflects a market value of \$256,672 or \$89.75 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on eight comparable sales improved with two-story dwellings with wood siding exteriors that range in size from 2,612 to 3,295 square feet of living area. The homes were built from 2004 to 2017. Each property has a basement with five having finished area, central air conditioning and an attached garage ranging in size from 400 to 748 square feet of building area. Six of the comparables each have one fireplace. The comparables have sites ranging in size from 7,797 to 13,804 square feet of land area and are located within .482 miles of the subject property. The sales occurred from May 2016 to March 2018 for prices ranging from \$241,500 to \$350,000 or from \$87.03 to \$112.69 per square foot of living area, including land.

The board of review requested the assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains thirteen comparable sales submitted by the parties to support their respective positions. The Board gives less weight to board of review sales #2 and #3 as these comparables are significantly newer than the subject dwelling each being built in 2017 and were new at the time of sale. The remaining comparables are relatively similar to the subject in size and features with the exception six have basements that are partially finished, whereas the subject property has an unfinished basement, suggesting a downward adjustment may be needed to the comparables to make them more equivalent to the subject property for this feature. In reviewing these sales, the Board finds board of review sale #4 is an outlier with a price of \$112.69 per square foot of living area, including land. The ten remaining comparables sold for prices ranging from \$228,202 to \$323,000 or from \$77.50 to \$98.03 per square foot of living area inclusive of the land. The subject's assessment reflects a market value of \$256,672 or \$89.75 per square foot of living area, including land, which is within the range established by the best comparable sales in this record and is well supported. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
