

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Behm Freda
DOCKET NO.: 18-00292.001-R-1
PARCEL NO.: 06-35-107-022

The parties of record before the Property Tax Appeal Board are Behm Freda, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,408
IMPR.: \$52,273
TOTAL: \$74,681

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,662 square feet of living area. The dwelling was constructed in 1948. Features of the home include an unfinished basement, central air conditioning and a 672 square foot garage. The property has a 13,068 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables, four of which were located within the same neighborhood code as the subject property. The comparables ranged in size from 1,607 to 2,496 square feet of living area and were built from 1926 to 1960. The comparables had other features with varying degrees of similarity to the subject. The comparables had improvement assessments that ranged from \$36,134 to \$50,133 or from \$19.44 to \$26.79 per square foot of living area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$37,295 or \$22.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,681. The subject property has an improvement assessment of \$52,273 or \$31.45 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on six equity comparables that were located within the same neighborhood code as the subject property. The comparables ranged in size from 1,446 to 1,696 square feet of living area and were built from 1925 to 1958. The comparables had other features with varying degrees of similarity to the subject. Comparable #6 was built on a slab foundation, unlike the subject. The comparables had improvement assessments that ranged from \$49,183 to \$55,371 or from \$30.23 to \$34.81 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3, as well as board of review comparables #1, #2, #4 and #5. These comparables were most similar to the subject in location, size, age and features. These comparables had improvement assessments that ranged from \$43,051 to \$55,371 or from \$26.48 to \$34.81 per square foot of living area. The subject's improvement assessment of \$52,273 or \$31.45 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the parties' remaining comparables due to their differences in location, age, size or foundation type, when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
