

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Minesh Patel  
DOCKET NO.: 18-00302.001-R-1  
PARCEL NO.: 07-19-401-055

The parties of record before the Property Tax Appeal Board are Minesh Patel, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,563  
**IMPR.:** \$84,589  
**TOTAL:** \$98,152

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling with wood siding exterior construction containing 2,461 square feet of living area. The dwelling was built in 1998. Features of the home include a partially finished basement, central air conditioning, one fireplace, and an attached garage with 475 square feet of building area. The property has a 7,405-square foot site and is located in Grayslake, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparable sales located from .03 to .51 of a mile from the subject and within the same assessment neighborhood as the subject property. The comparables are improved with two-story dwellings with wood siding exterior construction that range in size from 2,014 to 2,768 square feet of living area. The dwellings were constructed from 1990 to 1998. Each comparable has a basement with six being partially finished. Each

dwelling also has central air conditioning and an attached garage ranging in size from 462 to 720 square feet of building area. Eight comparables each have a fireplace. The properties have sites ranging in size from 6,970 to 13,504 square feet of land area. The comparables sold from February to June 2017 for prices ranging from \$251,000 to \$340,000 or from \$103.87 to \$124.63 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,152. The subject's assessment reflects a market value of \$296,711 or \$120.57 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted two grids and analysis<sup>1</sup> containing information on eight comparable sales located from .025 to .262 of a mile from the subject and within the same assessment neighborhood code as the subject property. Three board of review comparables were also submitted by the appellant.<sup>2</sup> The comparables range in size from 6,970 to 18,295 square feet of land area and are improved with two-story dwellings with wood siding exterior construction that range in size from 2,294 to 2,721 square feet of living area. The dwellings were built from 1994 to 1998. Each dwelling has a basement with six being partially finished. Each home also has central air conditioning and a garage ranging in size from 440 to 693 square feet of building area. Seven dwellings each have a fireplace. The comparables sold from April 2016 to February 2018 for prices ranging from \$290,000 to \$330,000 or from \$115.77 to \$139.49 per square foot of living area, including land. The board of review also submitted property record cards for the subject and each of its comparables. Based on this evidence, the board of review requested the assessment be sustained.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of fourteen comparable sales submitted by the parties to support their positions including three common comparables. The Board gave less weight is given to board of review comparable #6 due to its sale date in April 2016 which is less proximate in time to the valuation date at issue of January 1, 2018 and thus less likely to be indicative of value as of the assessment date than the other sales in the record. The Board also gave reduced weight to appellant's comparables #2 and #9, board of review comparable #4, and one of the parties'

---

<sup>1</sup> The Board has re-labeled the comparables on the second grid as #5 through #8 for clarity.

<sup>2</sup> The board of review comparables #1, #7, and #8 were also submitted by the appellant as comparables #7, #4, and #5 respectively.

common comparables (appellant's #5/board of review's #8) based on their unfinished basements, dissimilar to the subject's basement with 840 square feet of finished area.

The Board finds that the best evidence of market value to be the remaining nine comparables which include two common properties were similar to the subject in location, design, lot size, dwelling size, age, and features. These comparables sold from February 2017 to February 2018 for prices ranging from \$287,500 to \$340,000 or from \$103.87 to \$139.49 per square foot of living area, including land. The subject's assessment reflects a market value of \$296,711 or \$120.57 per square foot of living area, including land, which is within the range established by the most similar comparable sales in this record both on an overall value basis and on a per square foot basis. Additionally, the subject falls within the range established by the appellant's own best comparables in the record which sold for prices ranging from \$287,500 to \$340,000 or from \$103.87 to \$122.83 per square foot of living area, land included. Based on this evidence, the Board finds the assessment of the subject property as established by the board of review is well supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
