

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Delmon B. Grapes
DOCKET NO.: 18-00383.001-R-1
PARCEL NO.: 12-21-103-033

The parties of record before the Property Tax Appeal Board are Delmon B. Grapes, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$99,859
IMPR.: \$22,677
TOTAL: \$122,536

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling with wood siding exterior construction containing 1,296 square feet of living area. The dwelling was built in 1955. Features of the home include central air conditioning and a fireplace. The property has a 7,588-square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located from .18 to .87 of a mile from the subject property. The comparables have sites ranging in size from 7,500 to 12,325 square feet of land area and are improved with one-story dwellings with wood siding or brick exterior construction that range in size from 1,352 to 1,660 square feet of living area. The dwellings were built in 1920 or 1954. Two comparables feature a basement with one having finished area. Each dwelling has central air conditioning, a fireplace, and an attached or detached garage

ranging in size from 336 to 525 square feet of building area. The comparables sold from September 2016 to May 2017 for prices ranging from \$287,500 to \$375,000 or from \$212.65 to \$225.90 per square foot of living area, including land. The appellant's counsel argued that the subject property has no basement and no garage; comparable #1 also has no basement, like the subject, but has an attached garage; and comparable #2 is superior to the subject in that it has a basement and a garage. Based on this evidence and argument, the appellant requested the subject's total assessment be reduced to \$109,717 reflecting a market value of \$329,184 or \$254.00 per square foot of living area at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$122,536. The subject's assessment reflects a market value of \$370,423 or \$285.82 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located from .246 to .357 of a mile from the subject and within the same assessment neighborhood code as the subject property. The comparable parcels range in size from 7,638 to 11,639 square feet of land area and are improved with one-story dwellings with wood siding or brick exterior construction that range in size from 1,380 to 1,886 square feet of living area. The dwellings were built in 1956 or 1957. One dwelling features an unfinished basement. Each home has central air conditioning, a fireplace, and an attached garage ranging in size from 264 to 484 square feet of building area. The comparables sold from July 2016 to December 2017 for prices ranging from \$405,000 to \$560,000 or from \$288.46 to \$373.19 per square foot of living area, including land. The board of review also submitted property record cards for the subject and each of its comparables. Based on this evidence, the board of review requested the assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six comparable sales submitted by the parties in support of their positions. The Board gives less weight to appellant's comparables #2 and #3, along with board of review comparable #1 based on each of these dwellings having a basement, unlike the subject. The Board also gave reduced weight to board of review comparable #2 which sold in October 2016, a date more remote in time to the valuation date at issue of January 1, 2018 and thus less likely to be indicative of market value as of the assessment date than the other sales in the record.

The Board finds the best evidence of market value to be appellant's comparable #1 and board of review comparable #3. The Board finds these two comparables to be most similar to the subject in terms of location, age, design, and some features. However, each of these properties has a

garage, unlike the subject, thus requiring downward adjustments in order to make them more equivalent to the subject. These comparables sold in May and December 2017 for prices of \$330,000 and \$560,000 or for \$223.12 and \$296.92 per square foot of living area, including land. The subject's assessment reflects a market value of \$370,423 or \$285.82 per square foot of living area, including land, which is supported by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds that the assessment of the subject property as established by the board of review is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
