

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANTS: Duangporn & Prasong Tangsurat
DOCKET NO.: 18-00485.001-R-1
PARCEL NO.: 07-10-104-012

The parties of record before the Property Tax Appeal Board are Duangporn & Prasong Tangsurat, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,100
IMPR.: \$130,266
TOTAL: \$170,366

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding construction with 3,819 square feet of living area. The dwelling was constructed in 2005. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 716 square foot garage. The property has a 40,421 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellants through counsel contend assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellants submitted information on three suggested equity comparables located in the same neighborhood and within 0.43 of a mile from the subject property. The comparables were improved with two-story dwellings of wood siding exterior construction that range in size from 3,306 to 4,074 square feet of living area. The dwellings were built from 2005 to 2009. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from

420 to 710 square feet of building area. The comparables have improvement assessments that range from \$89,924 to \$123,290 or from \$27.20 to \$30.26 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$111,183 or \$29.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$170,366. The subject property has an improvement assessment of \$130,266 or \$34.11 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted property record cards and a grid analysis on five suggested equity comparables, which included sales information, located in the same neighborhood and within 0.331 of a mile from the subject property. The sales information disclosed by the board of review will not be discussed further herein as this evidence is not responsive to the appellants' assessment inequity argument. The comparables were improved with two-story dwellings of wood siding exterior construction that range in size from 3,420 to 4,166 square feet of living area. The dwellings were built from 2004 to 2007. Each comparable has a basement with two comparables having finished area, central air conditioning, one fireplace and one or two garages ranging in size from 420 to 844 square feet of building area. The comparables have improvement assessments that range from \$118,715 to \$159,285 or from \$34.71 to \$38.23 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

The board of review also noted that the sales in the appellants' evidence sold approximately 20 to 32 months prior to the January 1, 2018 assessment date, which will not be discussed further herein as this evidence is not responsive to the appellants' assessment inequity argument.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gave less weight to the appellants' comparable #1 along with the board of review comparable #2 based on their smaller dwelling size when compared to the subject. The Board gave less weight to the board of review comparables #1 and #4 as these comparables have finished basements unlike the subject.

The Board finds the best evidence of assessment equity to be appellants' comparables #2 and #3 along with the board of review comparables #3 and #5. These comparables have varying degrees of similarity when compared to the subject in age, dwelling size, design and features. These comparables had improvement assessments that ranged from \$107,931 to \$150,112 or from

\$29.88 to \$37.65 per square foot of living area. The subject's improvement assessment of \$130,266 or \$34.11 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
