

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Seely
DOCKET NO.: 18-00494.001-R-1
PARCEL NO.: 12-20-219-023

The parties of record before the Property Tax Appeal Board are John Seely, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$73,750
IMPR.: \$103,530
TOTAL: \$177,280

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,400 square feet of living area. The dwelling was constructed in 1976. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 480 square foot garage. The property has a 10,400 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant through counsel contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three suggested equity comparables located from 0.31 to 0.51 of a mile from the subject property. The comparables were improved with two-story dwellings of brick or wood siding exterior construction with dwellings that range in size from 2,370 to 2,542 square feet of living area. The homes were built from 1962 to 1967. All comparables have a basement, one

with finished area; central air conditioning; a fireplace and attached garages that range from 462 to 562 square feet of building area. The comparables have improvement assessments that range from \$70,308 to \$80,190 or from \$28.11 to \$33.84 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$72,448 or \$30.19 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$177,280. The subject property has an improvement assessment of \$103,530 or \$43.14 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on eight suggested equity comparables located from 0.075 and 0.409 of a mile from the subject property. The comparables were improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,300 to 2,419 square feet of living area. The homes were built from 1966 to 1979. All comparables have basements, four with finished area; central air conditioning; one fireplace and a garage that ranges in size from 418 to 528 square feet of building area. The comparables have improvement assessments that range from \$107,061 to \$113,996 or from \$45.16 to \$48.02 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 and board of review comparables #4 and #6 through #8 based on their finished basement feature which is considered superior when compared to the subject's unfinished basement. The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3 and board of review comparables #1 through #3 and #5. These comparables are more similar in location, style dwelling size, age and features when compared to the subject property. These comparables had improvement assessments that ranged from \$70,308 to \$108,563 or from \$28.11 to \$47.19 per square foot of living area. The subject's improvement assessment of \$103,530 or \$43.14 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the

General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
