

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Tascher
DOCKET NO.: 18-00501.001-R-1
PARCEL NO.: 12-18-400-107

The parties of record before the Property Tax Appeal Board are Michael Tascher, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,268
IMPR.: \$115,128
TOTAL: \$156,396

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling with wood siding containing 2,532 square feet of living area. The dwelling was constructed in 1993. Features of the home include an unfinished basement, central air conditioning, one fireplace and an attached garage with 690 square feet of building area. The property also as a detached garage with 936 square feet of building area. The property is located in Lake Bluff, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with two-story dwellings with wood siding or brick exteriors that range in size from 2,424 to 2,780 square feet of living area. The dwellings were built from 1958 and 1986. Each home has a basement with one having finished area, central air conditioning, and an attached garage ranging in size from 312 to 580 square feet of building area. Two comparables

each have one fireplace. These properties have improvement assessments ranging from \$93,325 to \$110,595 or from \$38.50 to \$39.78 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$98,984.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,396. The subject property has an improvement assessment of \$115,128 or \$45.47 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five comparables improved with two-story dwellings with wood siding exteriors that range in size from 2,010 to 2,552 square feet of living area. Comparables #1 through #4 were equity comparables while board of review comparable #5 was submitted as a comparable sale. The homes were built from 1950 to 1995. Four comparables have basements with one having finished area, four comparables have central air conditioning, each property has one or two fireplaces and each comparable has a garage ranging in size from 484 to 690 square feet of building area. Comparables #1 through #4 have improvement assessments ranging from \$103,289 to \$115,956 or from \$42.26 to \$47.45 per square foot of living area. Board of review comparable #5 sold in May 2017 for a price of \$550,000 or \$273.63 per square foot of living area, land included. The board of review requested the assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be comparables #1 through #4 submitted by the board of review. These comparables are most similar to the subject dwelling in age, size and features with the exception the subject property has an additional detached garage with 936 square feet of building area the comparables lack. These properties have improvement assessments ranging from \$103,289 to \$115,956 or from \$42.26 to \$47.45 per square foot of living area. The subject's improvement assessment of \$115,128 or \$45.47 per square foot of living area falls within the overall range established by the best comparables in this record but slightly above the range on a square foot basis. The subject's improvement assessment is well supported given the property's additional detached garage in relation to the comparables. Less weight is given the comparables provided by the appellant due to differences from the subject dwelling in age. Little weight is given the comparable sale provided by the board of review as this did not address the appellant's assessment inequity argument. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
