

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Margaret Gerchar
DOCKET NO.: 18-00536.001-R-1
PARCEL NO.: 06-36-411-005

The parties of record before the Property Tax Appeal Board are Margaret Gerchar, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,042
IMPR.: \$86,713
TOTAL: \$111,755

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,401 square feet of living area. The dwelling was constructed in 1996. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 506 square foot garage. The property has a 10,066 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on 11 comparable sales located within .56 of a mile from the subject property, seven of which are located within the same neighborhood code assigned by the local assessor as the subject. The comparables have sites ranging in size from 6,969 to 20,908 square feet of land area. The comparables consist of two-story dwellings of wood siding and cedar, vinyl or wood siding exterior construction ranging in size from 2,286 to 2,890 square of

feet of living area. The dwellings were constructed from 1996 to 2004. Each comparable features a basement with three having finished area, central air conditioning and a garage ranging in size from 462 to 759 square feet of land area. In addition, eight comparables each have one or two fireplaces. The comparables sold from December 2016 to April 2018 for prices ranging from \$309,000 to \$417,000 or from \$120.14 to \$144.29 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$102,433.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$111,755. The subject's assessment reflects a market value of \$337,833 or \$140.71 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on eight comparable sales located within .515 of a mile from the subject property, all of which are in the same neighborhood code assigned by the local assessor as the subject. Comparables #2, #3 and #8 are the same properties as the appellant's comparables #4, #5 and #2, respectively. The comparables have sites ranging in size from 7,700 to 13,738 square feet of land area. The comparables were improved with two-story dwellings of vinyl or wood siding exterior construction ranging in size from 2,286 to 2,694 square feet of living area. The dwellings were constructed from 1995 to 2001. The comparables each feature a basement with one having finished area, central air conditioning and a garage ranging in size from 503 to 550 square feet of building area. In addition, six comparables each have one fireplace. The comparables sold from April 2016 to June 2018 for prices of \$322,000 or \$417,000 or from \$130.13 to \$154.79 per square foot of living area, including land. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains 16 suggested comparable sales for the Board's consideration with three comparables common to both parties. The Board gave less weight to the appellant's comparables #1 and #3 through #11, which includes two of the common comparables, as they differ from the subject in location, lot size, dwelling size and/or have finished basements unlike the subject. The Board finds board of review comparables #1, #3/appellant's comparable #5, #5 and #6 sold from April to December 2016 which are dated and less likely to be indicative of the subject's market value as of the January 1, 2018 assessment date.

The Board finds the best evidence of market value to be the appellant's comparable #2/board of review comparable #8, along with board of review comparables #4 and #7. These three

comparables are similar to the subject in location, site size, dwelling size, design, age and features. They sold from August 2017 to June 2018 for prices ranging from \$336,000 to \$360,000 or \$130.13 to \$142.46 per square foot of living area, including land. The subject's assessment reflects a market value of \$337,833 or \$140.71 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is supported. Based on this evidence the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
