

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Keyes
DOCKET NO.: 18-00568.001-R-1
PARCEL NO.: 02-18-302-034

The parties of record before the Property Tax Appeal Board are Michael Keyes, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,009
IMPR.: \$65,360
TOTAL: \$81,369

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,445 square feet of living area. The dwelling was constructed in 1996. Features of the home include a unfinished basement, central air conditioning, one fireplace and a 448 square foot attached garage. The property has an 12,000 square foot site and is located in Antioch, Antioch Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on three comparable sales located within .10 of a mile from the subject property. The comparables are described as two-story dwellings of wood siding or brick exterior construction ranging in size from 2,432 to 2,744 square feet of living area. The dwellings were constructed from 1992 to 1999. Each comparable has a basement, with one having finished area. Other features of each comparable include central air conditioning; one fireplace and an attached

garage ranging in size from 400 to 660 square feet of building area. The properties have sites ranging in size from 12,065 to 12,182 square feet of land area. The comparables sold from January to September 2017 for prices ranging from \$175,000 to \$274,000 or from \$71.96 to \$99.85 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,369. The subject's assessment reflects a market value of \$245,976 or \$100.60 per square foot of living area, including land, when applying the 2018 three-year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located within .517 of a mile from the subject property.¹ The properties are situated on sites ranging in size from 6,709 to 12,155 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,212 to 2,744 square feet of living area. The dwellings were constructed from 1995 to 1999. Features of each comparable include a basement, with one having finished area; central air conditioning; one fireplace and a garage ranging in size from 420 to 660 square feet of building area. The comparables sold from January 2017 to July 2018 for prices ranging from \$230,000 to \$274,000 or from \$94.84 to \$103.98 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted five comparable sales for the Board's consideration which includes two comparables common to both parties. The Board finds these comparables are similar to the subject in location, dwelling size, design, age and most features. These comparables sold from January 2017 to July 2018 for prices ranging from \$175,000 to \$274,000 or from \$71.96 to \$103.98 per square foot of living area, including land. The subject's assessment reflects a market value of \$245,976 or \$100.60 per square foot of living area, including land, which falls within the range established by the comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and thus, no reduction in the subject's assessment is justified.

¹ Board of review comparables #1 and #2 and the appellant's comparables #3 and #2 are the same properties.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
