

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anne Huiras
DOCKET NO.: 18-00627.001-R-1
PARCEL NO.: 06-27-204-012

The parties of record before the Property Tax Appeal Board are Anne Huiras, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,952
IMPR.: \$86,179
TOTAL: \$110,131

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,719 square feet of living area. The dwelling was constructed in 1993. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 630 square foot garage. The property has a 13,504 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparable sales located within .37 of a mile from the subject and within the same neighborhood code as assigned to the subject by the assessor. The comparables have sites ranging in size from 10,000 to 15,371 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction that were built between 1992 and 1997. The homes range in size from 2,528 to 3,112 square feet of living area. Each

dwelling has a basement, one of which is finished; eight of the comparables have central air conditioning; and each comparable has a fireplace and a garage ranging in size from 420 to 682 square feet of building area. The comparables sold from April 2017 to February 2018 for prices ranging from \$255,000 to \$345,000 or from \$100.87 to \$127.54 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced total assessment of \$103,311 which would reflect a market value of \$309,964 or \$114.00 per square foot of living area, including land, at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$110,131. The subject's assessment reflects a market value of \$332,923 or \$122.44 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted two grid analyses with information on a total of eight comparable sales. For ease of reference, the Board has renumbered the second page of comparables as #5 through #8. The comparables are located within close proximity to the subject and within the same neighborhood code as the subject. Board of review comparables #2 and #4 are the same properties as appellant's comparables #8 and #9, respectively. The comparables have sites ranging in size from 10,000 to 17,860 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction that were built between 1992 and 1994. The homes range in size from 2,547 to 2,917 square feet of living area. Each dwelling has a basement, three of which have finished areas. Each dwelling has central air conditioning, a fireplace and a garage ranging in size from 440 to 772 square feet of building area. The comparables sold from September 2016 to June 2018 for prices ranging from \$310,000 to \$370,000 or from \$121.19 to \$143.31 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of fifteen comparable sales, with two common properties, to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #4 and board of review comparables #4/appellant's comparable #9, board of review comparables #6 and #8 due to reported finished basement areas which differ from the subject's unfinished basement. The Board has given reduced weight to board of review comparables #3 and #7 due to dates of sale in 2016, dates more remote in time from the valuation date at issue of January 1, 2018 and thus less likely to be indicative of the subject's estimated market value than other sales in the record.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2, #3, #5 through #8 and board of review comparable sales #1, #2 and #5, where there is one common property presented by the parties. These most similar comparables sold from April 2017 to June 2018 for prices ranging from \$255,000 to \$340,000 or from \$100.87 to \$122.00 per square foot of living area, including land. The subject's assessment reflects a market value of \$332,923 or \$122.44 per square foot of living area, including land, which is within the range established by the best comparable sales in this record in terms of overall value and slightly above the range on a per square foot basis which appears to be justified when considering that the subject has a 630 square foot garage which is larger than the best comparable sales. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject property, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
