

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lisa Morris
DOCKET NO.: 18-00656.001-R-1
PARCEL NO.: 06-22-107-013

The parties of record before the Property Tax Appeal Board are Lisa Morris, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,975
IMPR.: \$65,840
TOTAL: \$85,815

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,188 square feet of living area. The dwelling was constructed in 1994. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 688 square foot garage. The property has a 10,270 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on eleven comparable sales located within .58 of a mile from the subject property. The comparables have sites ranging in size from 8,506 to 12,110 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction that range in size from 2,177 to 2,419 square feet of living area. The dwellings were constructed from 1993 to 1998. The comparables have basements with eight having finished area. Each

comparable has central air conditioning and a garage ranging in size from 400 to 694 square feet of building area. Eight comparables each have one fireplace. The comparables sold from January 2017 to March 2018 for prices ranging from \$225,000 to \$269,000 or from \$96.39 to \$118.71 per square foot of living area, land included. The appellant also submitted Multiple Listing Service (MLS) sheets associated with the sales of comparables #4, #7 and #11. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$80,218.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$85,815. The subject's assessment reflects a market value of \$259,417 or \$118.56 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted a grid analysis and property record cards for the subject and six comparable sales located within .489 of mile from the subject property. Board of review comparables #1, #4, #5 and #6 are the same properties as appellant's comparables #10, #6, #11 and #9, respectively. The comparables have sites ranging in size from 7,392 to 10,795 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction that range in size from 2,177 to 2,274 square feet of living area. The dwellings were constructed from 1993 to 1998. The comparables have basements with two having finished area. Each comparable has central air conditioning and a garage ranging in size from 400 to 694 square feet of building area. Four comparables each have a fireplace. The comparables sold from March 2016 to May 2018 for prices ranging from \$234,500 to \$266,500 or from \$103.12 to \$118.71 per square foot of living area, land included. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds 13 comparables were submitted by the parties in support of their respective positions, with four comparables common to both parties. The Board gave less weight to the appellant's comparables #1, #2, #3, #5 and #8 due to their larger dwelling sizes when compared to the subject and the remaining comparables in the record. The Board also gave less weight to board of review comparable #3 as it sold in March 2016 which is less proximate in time to the January 1, 2018 assessment date and thus, less likely to be reflective of market value.

The Board gave more weight to the remaining seven comparables in the record which includes the four comparables common to both parties. These comparables are most similar to the subject in location, design, dwelling size, age and most features, except for three comparables have inferior unfinished basements and five comparables have smaller garages. The comparables sold from May 2017 to May 2018 for prices ranging from \$225,000 to \$266,500 or from \$103.12 to

\$118.71 per square foot of living area, including land. The subject's assessment reflects a market value of \$259,417 or \$118.56 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
