

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary & Kimberly Riemer
DOCKET NO.: 18-00732.001-R-1
PARCEL NO.: 02-27-203-011

The parties of record before the Property Tax Appeal Board are Gary & Kimberly Riemer, the appellants, by attorney Jessica Hill-Magiera in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,503
IMPR.: \$123,224
TOTAL: \$155,727

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,734 square feet of living area. The dwelling was constructed in 2004. Features of the home include a full walkout basement with 1,367 square feet of finished area, central air conditioning, a fireplace and a 715 square foot garage. The property has a 14,335 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellants contend assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellants submitted information on four assessment equity comparables located in the same neighborhood code as the subject property as assigned by the township assessor. The comparables consist of one-story dwellings ranging in size 2,426 to 2,684 square feet of living area. The dwellings were constructed from 2004 to 2006

and feature basements with one having 1,099 square feet of finished area.¹ The comparables have improvement assessments ranging from \$99,748 to \$110,824 or from \$38.92 to \$42.40 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$155,727. The subject property has an improvement assessment of \$123,224 or \$45.07 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted a grid analysis of the same four equity comparables presented by the appellants along with their property record cards with additional details of each home such as central air conditioning, one or two fireplaces and one or two garages that range in size from 250 to 671 square feet of building area. Based on this additional evidence, the board of review requested the subject's assessment be sustained.

In rebuttal, counsel for the appellants argued that taking only the board of review equity comparables into consideration shows that 100% of the equity comparables support a reduction based on building price per square foot.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties each submitted the same four comparables for the Board's consideration. The Board finds all of the comparables are similar to the subject in location, dwelling size and design, though none of the comparables have a walkout style basement and three comparables lack finished basements which are features of the subject. Additionally, each comparable has a smaller garage when compared to the subject. The comparables have improvement assessments ranging from \$38.92 to \$42.40 per square feet of living area. The subject property has an improvement assessment of \$45.07 per square foot of living area, which falls slightly above the value range established by the most similar comparables in this record but appears to be justified given the subject has a superior walkout basement with finished area and a larger garage. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is equitably assessed. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
