

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sadia Sarvana  
DOCKET NO.: 18-01164.001-R-1  
PARCEL NO.: 07-01-35-106-043-0000

The parties of record before the Property Tax Appeal Board are Sadia Sarvana, the appellant, by attorney Dennis D. Koonce in Frankfort; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$32,895  
**IMPR.:** \$112,105  
**TOTAL:** \$145,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and brick exterior construction with 4,151 square feet of living area.<sup>1</sup> The dwelling was constructed in 2005. Features of the home include a basement, central air conditioning, a fireplace and a 3-car garage containing 866 square feet of building area. The property has an approximately 10,296 square foot site and is located in Plainfield, Wheatland Township, Will County.

---

<sup>1</sup> Counsel for the appellant failed to complete Section III – Description of the Property. The descriptive information for the subject property was drawn from the Multiple Listing Sheet (MLS) associated with the sale of the subject property provided by the appellant and the subject’s property record card provided by the board of review. The Board finds the best evidence of the subject’s dwelling size was presented by the board of review located in the property record card which contained a schematic diagram and measurements.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on January 23, 2017<sup>2</sup> for a price of \$435,000. The appellant's counsel reported that the subject property was purchased from Mohammad Shamsi, the parties to the transaction were not related and the property was advertised using a realtor. The appellant submitted a copy of the Multiple Listing Service (MLS) sheet depicting the property had been listed for 83 days. The listing sheet disclosed the transaction was a short sale and that some "TLC" was needed. In further support of the appeal, the appellant provided a copy of the settlement statement disclosing the seller was Mohammad Shamsi and reiterated the purchase price, date and depicting broker's fees were distributed to two entities. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$152,249. The subject's assessment reflects a market value of \$457,067 or \$110.11 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Will County of 33.31% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a letter from the Wheatland Township Assessor along with a copy of the subject's property record card and a copy of the PTAX-203 Illinois Real Estate Transfer Declaration associated with the sale of the subject property. The PTAX-203 disclosed the sale date and sale price noting the property was sold as a "Short Sale," the transfer occurred via Warranty Deed and the property was advertised prior to the sale transaction. The assessor acknowledged that the subject property was purchased in January 2017 for \$445,000. In light of this, the assessor proposed to stipulate for 2018 based on the 2017 purchase price of \$445,000 plus the 2018 equalization factor of 1.0265 resulting in an assessment of \$152,249. Counsel for the appellant declined this offer. The Will County Board of Review agreed with the assessor's proposal and reduced the 2018 assessment to \$152,249. Based on this evidence, the board of review requested the subject's assessment be confirmed.

With respect to the appellant's overvaluation claim, the board of review presented no other evidence to support the assessment of the subject property.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in January 2017 for a price of \$445,000. The appellant provided evidence demonstrating the sale

<sup>2</sup> Counsel for the appellant reported the sale date as January 23, 2018, however the MLS sheet and settlement statement provided by the appellant reported the sale date as January 23, 2017.

had the elements of an arm's length transaction. The appellant disclosed the parties to the transaction were not related and the property had been advertised on the open market through the Multiple Listing Service. In further support of the transaction, the appellant submitted a copy of the settlement statement. Furthermore, the board of review provided a copy of the PTAX-203 Illinois Real Estate Transfer Declaration associated with the subject's sale. The Board finds the board of review did not present any substantive evidence to challenge the arm's length nature of the subject's sale transaction. In addition, the assessing officials did not refute the contention that the purchase price was reflective of market value. The Board finds the subject's purchase price of \$445,000 is below the market value of \$457,067 as reflected by the assessment. Furthermore, the Board finds the board of review did not provided any market value evidence, such as recent comparable sales, to support the subject's assessment. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
