

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Letwat
DOCKET NO.: 18-01187.001-R-1
PARCEL NO.: 16-32-316-034

The parties of record before the Property Tax Appeal Board are Julie Letwat, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,948
IMPR.: \$239,956
TOTAL: \$292,904

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,655 square feet of living area. The dwelling was constructed in 1998. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 753 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located from .06 to .53 of a mile from the subject. The comparables are described as two-story dwellings of brick or wood siding exterior construction ranging in size from 4,548 to 4,789 square feet of living area. The dwellings were built from 1985 to 1995. The comparables have basements, with one having finished area. Other features of each comparable include central air conditioning, a fireplace and a garage ranging in size from 713 or 884 square

feet of building area. The comparables have improvement assessments ranging from \$199,364 to \$225,512 or from \$43.84 to \$47.09 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$292,904. The subject property has an improvement assessment of \$239,956 or \$51.55 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located from .045 to .382 of a mile from the subject. The comparables are described as two-story dwellings of wood siding or brick exterior construction ranging in size from 4,235 to 5,237 square feet of living area. The dwellings were constructed from 1995 to 1998. The comparables have basements, with one having finished area. Other features of each comparable include central air conditioning, one fireplace and a garage ranging in size from 572 to 775 square feet of building area. The comparables have improvement assessments ranging from \$219,318 to \$261,259 or from \$49.89 to \$54.63 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 and board of review comparable #2 due to their older age and/or superior finished basement area when compared to the subject. The Board gave most weight to appellant's comparable #1 and the board of review comparables #1, #3 and #4. These comparables are more similar to the subject in location, dwelling size, design, age and features. They have improvement assessments ranging from \$199,364 to \$261,259 or from \$43.84 to \$51.79 per square foot of living area. The subject has an improvement assessment of \$239,956 or \$51.55 per square foot of living area, which falls between the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20

Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
